15TH YEAR. NO. 176. EAST LIVERPOOL, O., FRIDAY, JAN. 5, 1900. TWO CENTS

BEVERIDGE TO SPEAK

Will Talk on Philippines on Tuesday.

HOOSIER ORATOR GAVE NOTICE.

Aldrich Made the Opening Statement In the Senate on the Financial Bill—Pettigrew Resolution Went Over Until Monday Nezt.

WASHINGTON, Jan. 5.—In accordance with the notice previously given by him Senator Aldrich opened the discussion of the financial bill in the senate with a speech in explanation of the senate substitute for the house bill. The speech was carefully prepared and was read from manuscript. It was delivered in clear and distinct language, but without any effort at oratory.

Senators present gave him careful attention, but no one interrupted him with questions or otherwise during the delivery, nor did any one manifest a disposition to reply after he had concluded. After Mr. Aldrich concluded the senate adjourned over until Monday for the purpose, it is understood, of giving those who may wish to reply to the Rhode Island senator an opportunity to study his presentation of the subject.

The Pettigrew resolution concerning the Philippine war went over until Monday, when, it is understood, some senators will be asked to be heard on the general Philippine question. Senator Beveridge also gave notice of a speech for Tuesday on the Philippine question, prefacing his notice with a resolution declaring his own position on the subject.

The first section contains a clear and definite declaration that the gold dollar is and shall continue to be the standard unit of value; a new and more emphatic pledge on the part of the United States that all forms of money it may issue or coin shall be at all times maintained at an equality of value with the gold coin adopted as the standard, and a specific provision that United States notes and treasury notes shall, upon presentation at the treasury, be redeemed in standard gold coin.

The bill now before the senate contains no disavowal of the position heretofore taken upon the question of international bimetallism and places no obstacles in the way of its accomplishment in the future. If it is possible to secure permanence of relative value to gold and silver coins, with the free coinage of both metals at a fixed ratio this permanence can only be secured by concurrent action of all leading commercial nations.

Mr. Aldrich said that the Democrats while masquerading as the friends of bimetallism, have for the past four years been engaged in a crusade in behalf of the single standard of silver, in a serious attempt to place the money and business of the country upon a silver basis; that the assertion that the free and unlimited coinage of gold and silver at the historical ratio of 16 to 1, without waiting for the consent of any other nation on earth, will be the supreme issue in 1900, as it was in 1896, has not been contradicted.

He further said in part:

No sane man can be found, outside of the ranks of the small band of bold, and aggressivs leaders who at present dominate the policy of the Democratic party, who believes for an instant that the opening of our mints to the free coinage of silver at the ratio of 16 to 1 will raise the value of silver bullion from its current commercial price to its mint price measured with relation to gold.

The second section provides for a reserve fund of $150,000,000 in gold to secure the prompt and certain redemption of outstanding United States notes and treasury notes. This fund is increased $50,000,000 over that which is now held by the treasury for redemption purposes.

The amount of silver certificates in circulation on Dec. 1, 899, was $ 94,292 80[illegible] and of standard silver dollars $378,232,454, a total of $472,525,254. This amount will be gradually increased by the silver coinage, which will take place under the provisions of the act of June 18, 1898. Both silver dollars and silver certificates are by law receivable for all public dues and as long as the ordinary recepts of the government are more than $60,000,000 per annum it is very evident that silver certificates are not likely to go to a discount.

The third section makes it the duty of the secretary of the treasury, as fast as standard silver dollars are coined, as required by law, from the bullion purchased under the act of July 14, 1890, to retire and cancel an equal amount of treasury notes and provides that upon the cancellation of the notes silver certificates shall be issued against the silver dollars so coined.

The fourth section authorizes and directs the secretary of the treasury to receive deposits of gold coin and to issue gold certificates therefor in denominations of not less than $20. The provisions of this section are in most respects the same as those contained in the twelfth section of the act of July 12, 1882.

The fifth section provides that no United States notes or treasury notes shall hereafter be issued or reissued in donominations of less than $10, and that all such notes of a smaller denomination, when redeemed, shall be canceled and notes of $10 or upward substituted therefor. It also provides that no silver certificates of a higher denomination than $10 shall be issued.

The sixth section of the substitute gives to the secretary of the treasury authority to convert a portion of the national debt into bonds bearing 2 per cent interest. The proposition contemplates a profitable anticipation of interest payments and consequent reduction of the public debt.

The seventh section provides that upon the deposit of United States bonds by any national banking association in the manner provided by law, such association shall be entitled to receive circulating notes equal to the par value of the bonds deposited. It also provides that any national banking association now having bonds on deposit shall be entitled to the same privilege.

The eighth section provides that any national banking association having on deposit as security for its circulation notes bonds of the United States bearing interest at 2 per cent per annum shall pay a tax upon such circulating notes of ½ of 1 per cent annually, instead of the tax of 1 per cent now imposed by law.

HOAR APPARENTLY FOR QUAY.

Replied to Letters Urging Him Not to Vote For Him.

WASHINGTON, Jan. 5.—Mr. Hoar, in the senate, said he had received numerous letters urging him not to vote for the seating of Mr. Quay upon the appointment of the governor of Pennsylvania, on the ground of charges against the personal character of Mr. Quay. Mr. Hoar referred to the fact that he had frequently investigated the subject of the right of a governor to fill a vacancy and to the numerous speeches and reports he had made in support of the theory. It was not to be expected that senators sitting here as judges could change their convictions on great public questions upon such appeals.

Such requests he considered in the nature of appeals to him to stuff a ballot box and make false returns simply because the petitioners think some one else should be appointed. He hoped his explanation would be a sufficient reply to the writers of the letters.

APPEALED TO COURT.

Sheriff-Elect Wants County Commissioners Compelled to Turn Over the Office to Him.

COLUMBUS, Jan. 5.—T. W. Poorman, Republican sheriff-elect of Paulding county, applied to the supreme court for a writ of mandamus to compel the county commissioners to approve his bond. The commissioners, it appears, appointed Henry Wilson, retiring Democratic sheriff, to the office, alleging that Poorman had forfeited it by failing to file his bond within the time required by law.

TO GET DEMOCRATIC CONVENTION.

Positive Action Taken at a Conference at Cincinnati.

CINCINNATI, Jan. 5.—Cincinnati took positive action toward extending an invitation to the national Democratic committee at its meeting Feb. 22, to give the next national Democratic convention to this city. At the invitation of the Cincinnati League, a conference was held of representatives of the chamber of commerce, the Manufacturers' association and other like organizations. There was a unanimous agreement that an invitation should be sent to the national committee.

Arrangements were made for the appointment of committees to push the work of raising the fund.

Jr. O. U. A. M. Case.

HARRISBURG, Jan. 5.—Judge Weiss heard argument on the motion for a preliminary injunction in the case of Derry council No. 40, Jr. O. U. A. M., of Pennsylvania, against the state and national councils, to restrain the latter from collecting the per capita tax of 15 cents levied by the national judiciary. The court held the matter in statu quo until the final argument and hearing of testimony on Jan. 20, and ordered that nothing be done in the meantime by the national or state councils in the way of collecting the tax in dispute and the other matters complained of.

Wouldn't Excuse Woman's Wrong.

WILKESBARRE, Pa., Jan. 5. — John Stephenson, who eloped with Mrs. Alice Jones to England last August, was arraigned in court to receive sentence. Before leaving this country Stephenson and Mrs. Jones forged a deed to the property of the woman's husband and secured $6,000. The judge refused to sentence the man until the woman had been tried. She has been arrested on the same charge, but her husband went her bail and took her back home. The judge said the woman was no child; she knew what she was doing.

BOER LINES VERY LONG

Some 40 Miles of Trenches Before Methuen.

17 MILES CONFRONT BULLER.

Expected That Next Week There Will Be a Heavy Battle at the Tugela River. British Forces Apparently Acquiring More Mobility.

LONDON, Jan. 5—5 a. m.—This morning's news threw no further light upon the war situation. The exact position at Moltene and Cypherpat is not yet clear, but in any case these little engagements are of small importance beyond proving that the British forces are beginning to attain a greater degree of mobility.

It is fully expected that next week there will be a heavy battle on the Tugela river, which is now the real pivot of the campaign. The Boers appear to be working incessantly with shovel and pick.

Lord Methuen's cavalry scouting has developed the fact that the Boers' entrenchments extend some 40 miles, far overlapping the British positions and making flank attacks exceeding difficult. Military analysts affirm that the Boer trenches confronting General Buller stretch away some 17 miles and that work upon them is pushed unremittingly.

THE NEWS REVIEW

Won very earnest commendation from National, State and County Republican Headquarters for services rendered the Grand Old Party during the late political battle in Ohio.

The NEWS REVIEW stands in line with Republicanism, the Workingmen of the Nation and Good Government. We fling our flag to the breeze and proclaim our principles. We believe in true Unionism—a fair day's wage for a fair day's work. We will do battle royal for Republicanism in 1900. Our choice as standard bearer is WILLIAM McKINLEY, of Ohio.

AN APPEAL TO M'KINLEY.

Prominent Men of Belgium Ask Him to Intervene In the South African Struggle.

BRUSSELS, Jan. 5.—Senator Lejeune, former minister of justice and now member of the Belgian council of state, presided at a meeting in this city of the committee recently formed to organize a movement in Belgium in support of an address to President McKinley appealing to him to mediate in favor of peace between Great Britain and the Transvaal. Among those present were M. Lafontaine, former senator, many other former members of the senate, several members of the chamber of deputies, several professors of the University of Brussels and a number of other prominent men, most of them members of the Universal League of Peace.

After a long discussion it was decided to invite the public to send letters in support of the movement to the secretary of the league, and from next Sunday to place petitions for signature in all the cafes in Brussels and the provincial towns.

The petition to President McKinley reads as follows:

"M. Le President: Rightly moved by the bloody and terrible struggle in South Africa between two of the most civilized peoples of the world, the undersigned address a most pressing appeal to your excellency in favor of mediation, which you alone can offer. They beg you to fulfill the sacred duty of human brotherhood."

BAND CONCERT.

Edwin Morgan, of Alliance, Was Here Yesterday In the Interest of One.

There will be a band contest held at Alliance on February 22, the proceeds to be used for the benefit of the new public library in that city. The bands entering the contest must consist of not less than 35 members and each person must have been a member of the band with which he plays at least one month previous to the contest. The prize will be $150 and the selection to be played is Raymond's overture, by A. Thomas, Carl Fisher edition. The judges of the contest will be competent band men of Cleveland and the contest will be fairly and impartially judged. Edwin Morgan, of Alliance, was in the city today in the interests of the contest and would like to have the local bands enter, and will be pleased to correspond with the leaders of the bands here. He can be addressed at Alliance.

Marsh Denied Guilty Knowledge.

LANSING, Mich., Jan. 5.—Ex-Adjutant General Arthur F. Marsh and wife arrived here from Brockport, N. Y. Marsh will be arraigned under the indictment charging him with complicity in the alleged fraudulent state clothing transaction. Marsh says that he had no guilty knowledge of the alleged transactions; that he left such matters to Quartermaster General White, acting in the military board matters, so far as he was concerned, entirely according to White's suggestions.

For Murder 14 Years Ago.

KOKOMO, Ind., Jan. 5.—Detectives arrested Peter Dunkle near Hemperk for a crime alleged to have been committed at Franklin, O., in 1886. The crime charged is the murder of May Holwig. For about 14 years a reward of $1,000 has been standing for the apprehension of Dunkle, who has lived under the names of Frank Smith and Lee Johnson. Dunkle denies knowledge of the crime.

Bryan to Visit Philadelphia.

PHILADELPHIA, Jan. 5.—A Democratic state committee authority announced that William J. Bryan will visit Pennsylvania before February and stop at Philadelphia and Pittsburg. The occasion of his coming is not disclosed, but it is intimated that he may attend the Democratic state committee meeting in Harrisburg on Jan. 27.

PURCHASED BY SMITH

Sale of the K., T. & A. Plant Is Completed.

PLANT TO BE ALMOST DOUBLED

Work Will be Begun at Once on Extensive Repairs and Improvements--The New Managers--Largest Deal of the Year.

Charles A. Smith, last evening purchased the Knowles, Taylor & Anderson sewerpipe works in East End, including the clay mines. This is the largest transfer made in this place for many months. The consideration is not made known.

This morning men were put to work placing the plant in order, it being the intention to put the works in operation at once.

Mr. Smith made the following statement today. "Mr. T. F. Anderson will be retained as sales agent, while Thomas Anderson will manage the works. The plant will be enlarged at once by the addition of 16 new brick kilns and 8 pipe kilns. Several old kilns will be enlarged. With these improvements the capacity will be almost doubled. New brick machinery for the brick department is now being figured upon. Employment will be given to about 100 men."

The plant at present consists of 17 kilns. The present brick capacity is 30,000 brick per day. The boilers and engines were inspected last week and were found to be in excellent order.

PROTRACTED MEETINGS

AT THE FIRST M. E. CHURCH VERY SUCCESSFUL.

Last Night's Meeting Was One of the Best of the Series.

The series of protracted meetings begun at the First M. E. church last Monday night and continued each evening have steadily increased in earnestness, power and number of attendants. Last night Dr. Clark Crawford spoke upon "Christ as a Hiding Place From the Tempest," a specially direct appeal, appropriate for revival services. The singing was excellent and the congregation very large for Thursday evening. Thirteen conversions have been reported since the inauguration of the meetings.

Dr. Crawford will preach this evening. A meeting for prayer is held each evening, beginning at 7 o'clock and continuing until the opening of the regular meeting at 7:45. These meetings will be continued next week and possibly longer.

True Bills In Election Fraud Cases.

PHILADELPHIA, Jan. 5.—The grand jury returned true bills of indictment in the election fraud cases in the Thirteenth division of the Seventh ward during the recent election for state treasurer, when Lieutenant Colonel Barnet of the Tenth Pennsylvania volunteers was elected. There are nine defendants, as follows: Samuel Salter, deputy coroner, Philadelphia; Joseph C. Rogers, lieutenant of Capitol police, Washington; William Cook, Harry McCabe, Clarence Meeser, James T. Sheehan, also of Washington; John Silberman, John Scullen and John Hanna of this city. The latter three are fugitives. Kirtland, the informer, was not indicted.

SUBURBAN NEWS.

MISSIONARY MEETING.

MANY INTERESTING PAPERS WERE READ.

Good Work Done by Rev. Orcutt. Boys Play Polo--Lost His Dog--News.

The first meeting of the missionary society of the Second Presbyterian church this year was held yesterday afternoon. The attendance was very good, and the following program was carried out: Foreign, subject, "Syria," conducted by Mrs. Crowe, followed by readings by Mrs. Baird, Mrs. Allabaugh, Mrs. McCain, Mrs. Anderson and Miss Allie Baird; home, subject, "Mountaineers," conducted by Mrs. Grant. Greetings by Miss Edith Baird. Bible reading Mrs. Snowden. Other papers were read by Mrs. Crowe, Mrs. Michael, Mrs. Young and Mrs. Dixon.

GOOD WORK.

Many Members Joined Second Methodist Episcopal Church Since Fall.

Since last fall when Rev. George W. Orcutt assumed the pastorate of the Second Methodist Episcopal church up to the first of the year, 17 new members were placed on the church roll. This gives the church a total membership of not less than 260, about the largest in the suburb. The revival meetings at the church and the cottage prayer meetings, being held under the direction of Miss McDowell, of Cleveland, it is thought will be the means of swelling the membership of the church to near the 300 mark.

Playing Polo.

Yesterday a number of young boys from the East End organized a scrub polo team, and at 4 o'clock the game was started on the ice between Babb's island and the Ohio shore. The boys were well up in the points of the game, and it was watched with interest by a good crowd of young people from the bank.

Stole the Dog.

James Robinette made arrangements to take a hunting trip through the woods yesterday afternoon but when he went to get his fine Gordon setter he discovered it was gone. As there have been a number of good dogs killed in the suburb recently Robinette is of the opinion his dog has been treated as the others.

Among the Sick.

James Noah, who has been confined to his home by illness for the past month, will be able to be out within a few days.

Mr. McConnell, of High street, is ill with an attack of typhoid fever.

A small child of Alex Chaffin is very ill.

Out of Order Again.

Yesterday the electric danger bell at the Mulberry street crossing refused to ring. Residents of that part of the city are of the opinion an accident will happen at that crossing unless the bell is either kept in working order or a watchman is placed there.

Running in Full Soon.

Slowly new departments are being placed in position at the new Laughlin pottery and by next week the entire plant will be running. The second glost kiln was drawn today and the decorators will start next week.

Inspected the Plant.

President Aarons, of the Laughlin China company, spent yesterday afternoon in the East End inspecting the new plant.

CHILLY BATH OF THREE CHESTER MEN

Who Were Cutting Ice—Farmers' Institute Closes—Boilers on the Way.

An accident occurred in Chester yesterday that nearly cost three Chester men their lives. Late yesterday afternoon, while Ira Babb, Addison and Harry Finley were cutting ice at the mouth of Cunningham's run, a team of horses and wagon were run on the ice. After the wagon had been loaded its weight was too great for the ice, which was eight inches thick, and it went under. The three men also went into the water, Babb going in up to his neck. The Finley brothers also went in, but not so deep as Babb. With great difficulty the horses were rescued, and for a time it was thought that Babb would be washed under the ice by the swift current.

THE INSTITUTE.

A Profitable Meeting of Hancock County Farmers Closed Last Night.

The annual institute of the Hancock county farmers closed at Fairview last night, it being one of the most interesting meetings ever held by that body Yesterday two of the best papers were read—that by Major Mills upon "The Proper Education of the Farmer For His Profession," and by Hon. D. J. Smith, of St. Clair township, who read a paper on "Should Farmers Organize? If so, Why?" Both papers were read in an able manner.

A debate between Mr. Smith and Mr. Owen on the subject of "Advantages of Stock Raising Over Grain Growing in This Section" was one of the best discussions that was before the institute. Mr. Smith was of the opinion stock raising was more profitable.

On the Way.

The officials of the Chester rolling mill company yesterday received word that all the boilers for their works were lying at Mingo junction. The cars on which they are loaded should have been delivered in the lower freight yards before this, but have been delayed on account of a serious wreck at that place.

Shipped More Machinery.

Contractor McNally today shipped another car load of grading tools to a point near Uniontown, Pa. There is but one set of tools left on that side of the river to finish the grading on the additional mile of road. All the dinky tracks south of the country road bridge have been removed.

Resumed Grading.

Contractor Seevers this morning resumed the grading of streets in the mill company's addition. The work has been delayed for several weeks on account of the cold weather.

Applying For a Pardon.

An application will be made for the parole from the Mansfield reformatory of Theodore Pryor, who last spring was given an indefinite sentence in the common pleas court upon conviction of having killed a fellow roustabout on a steamer while lying at the East Liverpool wharf. The parole has been recommended by the officials of the reformatory, and is not likely to meet with any opposition. Pryor's home is in East Liverpool.

SHERIFF'S INSTRUCTIONS TO HIS DEPUTIES.

They Are to Remember They Have Duties That Are to Be Performed.

LISBON, Jan. 5.—[Special]—Sheriff S. D Noragon, in issuing the usual instructions to his deputies, was a little more explicit and emphatic than customary. After defining their duties he warns them that they are equally responsible with the sheriff for the preservation of the public peace and reminded them that they were not appointed simply for the honor and dignity of the position, but to actively aid the sheriff in the performance of his and their duties.

Sheriff Noragon, in issuing his instructions, is following out a rule of the railroad business with which he was so long identified, that all employes must understand their duties thoroughly and understand that they are expected to perform them fully.

MEMORIAL MEETING

HELD LAST NIGHT AT THE M. P. WINTER SERVICES.

The Historical and Reminiscent Meeting to Be Held This Evening.

At the encampment in the Methodist Episcopal church last night the usual large congregation was present and the character of the exercises were such as to make it a time of much tenderness. The names of the six deceased pastors were first called, viz: Reverends Edward A. Brindley, who organized the church in 1856; Henry Palmer, father of the present proprietor of the NEWS REVIEW; Jesse Hull, John Hodgkinson, William Wallace and William T. Wilson, who died while pastor of the church in 1885. Then the roll of the deceased lay members was called amid the most profound silence, there were about 130 names in all, some of whom were prominent citizens of East Liverpool in their day. After this ceremony followed an altar service and final prayer, a time of deep impressions and heart searchings.

Tonight there is to be an historical and reminiscent meeting and a paper by Mr. Robert Burford. Old time attendants at this church are especially invited tonight.

ANTE-NUPTIAL CONTRACT.

Mrs. Cook Obtains Judgment For Amount Claimed a Second Time.

LISBON, Jan. 5.—[Special]—In the case of Fannie Cook vs. Job Cook and others, of Salem, the jury returned a verdict of $1,039 63 for plaintiff, the same amount that the jury found last term. Plaintiff sued for $1,000 with interest from February 4, '99. She is the widow of Henry Cook, late of Salem, to whom she was married in 1889. By an ante-nuptial contract Henry Cook agreed to bequeath to Fanny Cook in his will the sum of $1,000, in consideration of which she was to release all right of dower in his estate. He failed to make the bequest and his widow sued on the contract. The defendants claimed that by an agreement made afterwards Henry Cook built a house for the plaintiff instead of the $1,000.

EAST LIVERPOOL, O. FRIDAY, JAN 5.

FOR PRESIDENT--Second Term.
WM. M'KINLEY,
Of Ohio.

CONGRESSMAN GROSVENOR is to introduce an anti-trust bill. If anybody can figure it out the general can. He's the boss "figurer."

SENATOR STEWART says he advised Bryan to take a trip abroad and learn something. Bill probably declined because he already knew it all.

SEVERAL exchanges want to know if the Ohio centennial exposition to be held at Toledo is worth the million dollars asked from this state. It isn't.

FRANCE has officially decreed that the hours shall be numbered from 1 a. m, to 24. Just think of curfew ringing out 21 o'clock!

AUSTRIA is also working around to the gold standard. Bryan must be imitating his ostrich and sticking his head in the sand.

IT is odd to find the state Democratic press teeming with praise for an outgoing Republican governor. It is enough to make him ask himself what he has been guilty of.

FOR the present term at least, the salary of Ohio's lieutenant governor will continue to be $800. The house refused to suspend its rules and pass the senate bill raising it to $1,800.

COMMENDABLE.

Sheriff S. D. Noragon's instructions to his deputies and his care to impress upon them the fact that they had certain duties and he expected them to be performed, will meet with commendation on all sides. The new sheriff intends not alone to maintain the high record of his predecessors but if possible to improve upon it.

SURPRISING FIGURES.

The total value of the eggs and chickens marketed in the United States last year was $290,000,000. The magnitude of the poultry industry is made more evident in the fact that the value of the 1898 potato crop was only $80,000,000, and the total value of the big iron output seldom exceeds $130,000,000 while the annual output of coal amounts only to about $200,000,000.

GOOD FOR HIM.

Yes, and for the business men who employ him and who obey the law and enforce its orders and ordinances. We have reference to the usher who compelled the removal of a hat, bonnet, poke, or some other headgear, worn by an offender and lawbreaker at the Grand Opera House last night. A few lessons of this kind will effect the desired result, and teach the wearers of rooster's feathers that there are parties in the house other than their egotistic and selfish selves.

TOOK DEFINITE ACTION

Carnegie Library Commission Met Last Night.

MR. GEORGE WILL MAKE PLANS

Of the Site, Giving the Distances, Elevations and Data In Order That the Architects May Go to Work--Carnegie Will Be Communicated With.

Some definite action in regard to the new library has now been taken.

The Carnegie library commission met last evening at the office of Attorney J. H. Brookes and instructed Engineer George to make a map of the library site, giving the ground elevation, distances, grades and all necessary data.

Secretary Brookes was instructed to communicate with Carnegie, telling him the site was now ready, and asking him to advise the board in regard to the cash, in order that the expense of the plans and other necessary expenses may be provided for.

Propositions have been received from numerous architects and the sentiment of the board seemed to be in favor of free competition to all architects. No action was taken on the matter and the board will determine at a future meeting just how plans will be received and what steps will be taken to invite competition.

MOODY'S WORK TO GO ON.

Son Gave Assurances Regarding Educational Features Carried on by the Late Evangelist.

BOSTON, Jan. 5.—W. R. Moody, son of Dwight L. Moody, was in this city on business and when asked about the prospect of carrying on the educational work founded by the evangelist, said:

"So far as I can see, the work will go right along the lines which it has been taking the past 20 years or more. The financial arrangements for it have always been and will continue to be in trustworthy hands. We have two business men who act as treasurers, Samuel D. Davis of the Mount Herman institution and J. J. Esley of the Young Law seminary. All moneys received are turned over to them directly. As to my own part of the work, I may say that in the last few years I have given most of my time to editing The Record of Christian Works, a journal intended to represent what is called the Northfield teaching. Just before my father died he made special efforts to improve the paper. I am to continue as its editor."

SECRETARY GAGE AGREED.

Said to Court Investigation—Resolutions Adopted In Both House and Senate.

WASHINGTON, Jan. 5.—The Sulzer resolution calling upon Secretary Gage for all information regarding the deposit of government funds in certain New York national banks was adopted in the house. The resolution as adopted was made more general in its scope, and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom house site. Secretary Gage's friends had been informed that he courted the fullest investigation and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

The resolution introduced by Mr. Allen requesting information concerning the Hanover and National City banks was modified and passed in the house.

Lentz Also After Gage.

WASHINGTON, Jan. 5.—Representative Lentz of Ohio introduced resolutions reciting published reports that the secretary of the treasury will turn over internal revenue receipts to the National City bank of New York and providing for the appointment of a special nonpartisan committee of 12 members of the house for "a thorough and impartial investigation to determine the truth or falsity of the charges."

ITALY FOR OPEN DOOR.

Favorable Response to the Inquiry by United States Government.

WASHINGTON, Jan. 5.—Italy has returned a favorable response to the recent note of the state department respecting the open door in China. Italy was the last of the great powers remaining to be heard from.

SIX DEATHS FROM PLAGUE.

A Report Received From Honolulu, Dated Dec. 15.

WASHINGTON, Jan. 5.—Surgeon General Sternberg received a report from Major Taylor, the surgeon in charge at the military hospital in Honolulu, dated Dec. 15, containing the following:

"I have the honor to report that on the 11th and 12th of this month there were five deaths from bubonic plague in the Chinese quarter of Honolulu and another occurred this morning.

"The whole regiment of the Hawaii national guard isolates the infected districts and the board of health is making a house to house inspection and disinfection. All corpses have been cremated and I think there will be but little danger of infection among the troops. There is little doubt about the diagnosis in most of the cases."

Condition of the Negro.

WASHINGTON, Jan. 5.—H. B. Frissel, principal of the Hampton (Va.) Normal and Industrial institute, appeared before the industrial commission. He said in many sections the condition of the negro is better than in slavery days. Although the south has spent $100,000,000 on public education for negroes, one-third of the race has actually retrograded, one-third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means, rather than by hard work.

Favors Territorial Form For Hawaii.

WASHINGTON, Jan. 5.—The senate committee on foreign relations ordered a favorable report upon the bill creating a territorial government for Hawaii. A few modifications of the original bill were made, the most important being the validation of the sale of lands since annexation and fixing the tenure of the supreme court judges at nine years. The provision for a delegate in congress remains in the bill.

Will Have About 65,000 Men.

WASHINGTON, Jan. 5.—With the arrival at Manila of the transport Grant, which left San Francisco on the 21st ult. with the Forty-eighth volunteer infantry (colored), General Otis will have command of an effective force of about 65,000 men.

For Uniform Marriage and Divorce Laws.

WASHINGTON, Jan. 5.—Among the house measures introduced were: By Mr. Daly of New Jersey, to protect the public against trusts, etc.; by Mr. Wilson of Idaho, for a constitutional amendment authorizing uniform marriage and divorce laws.

BRIBE MONEY IN BOX.

Part of Harrell's Story Corroborated In Court, at Frankfort—Contest Committees Named.

FRANKFORT, Ky., Jan. 5.—The joint legislative committees which will sit in the contests for governor and lieutenant governor were drawn by lot as provided by law. The Democrats were lucky, as the drawing gave them ten out of the 11 members of the committee on the governor's contest and nine out of 11 on the lieutenant governor's contest.

In the drawing over the formation of the legislative contested election committees the results were somewhat more evenly divided. In the case of the two senatorial contests the Republicans got only one member out of nine in each committee, but in the house they got majorities on ten out of 18 committees which try contests. An incident connected with the drawing in the senate was when Senator Howard, Republican, objected to Senator Goebel's name being placed in the box. Senator Goebel rose from his seat and said:

"Under the law the names of all senators present must be placed in the box, but I beg to assure the senator that if my name should be drawn out, I, of course, will not serve."

It was unofficially announced that the Franklin county grand jury had found indictments against Colonel John H. Whallen and Charles Ryan, who, it was alleged, attempted to bribe Senator Harrell in the governorship contest. The indictments are based on conspiracy. The safety deposit box which Harrell designated as holding the money was turned over to the grand jury and found to contain four $1,000 bills and five $100 bills. The money was sealed up in a plain white envelope without writing. This in part corroborated Harrel's story.

The Democratic leaders in the legislature decided to take the ballot for United States senator next Tuesday. As it seems settled in advance that Blackburn will receive a majority in each house, a joint ballot will probably not be necessary. There is a question as to whether the ballot should be taken next Tuesday or Tuesday a week. Blackburn's friends decided as a matter of caution to have a ballot on both days.

France Pressing San Domingo.

SANTO DOMINGO, Jan. 5.—(Via Haitian cable.)—The French consul refused to accept the government's offer to pay the amount of the Boismare-Caccavelli claim of 280,000 francs in three installments, every fortnight, and insists on an immediate settlement. They were raising funds by public subscriptions and the patriotic feeling was very strong. Three days from yesterday were granted for the payment of the claim.

Logan's Remains to Lie In State.

YOUNGSTOWN, O., Jan. 5.—The remains of the late Major John A. Logan will lie in state in St. John's Episcopal church upon their arrival here. It is expected now that the funeral will occur about Feb. 5. Company H, Fifth O. N. G., of which Major Logan was captain for a long time, has been asked to act as an escort at the funeral service.

Minister Very Ill In Alaska.

PITTSBURG, Jan. 5.—Rev. S. Hall Young, a missionary well known in Pittsburg, is reported to be seriously ill at Cape Nome, Alaska. Dr. Young left this city about one year ago in charge of missionaries, and after placing them in various places in Alaska went to Cape Nome. An epidemic of typhoid fever was raging at the time he arrived, and after ministering to the sick he was stricken himself. A letter received from Cape Nome by Chancellor Holland told of his serious illness and stated that recovery was not expected.

Gold to Be Shipped.

NEW YORK, Jan. 5.—Two million dollars in gold will be taken from the clearinghouse today by banks in this city. Arrangements to that effect were made and, unless additional orders are received today, it is believed that $2,000,000 will represent the amount of tomorrow's gold shipments.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

PATRONIZE UNION CLERKS.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

CHARLES AND ETHEL

Occupied Cells In the City Jail.

FIRST ARRESTS OF THE NEW YEAR

They Took a Trolley Ride to Wellsville and When They Got Back They Could Not Walk Straight--Grim Found Them on Broadway.

Charles Wallburg and Ethel Hoffman had the somewhat doubtful honor of being the first persons to occupy the city jail in the year 1900.

Charles and Ethel went trolley riding last evening to Wellsville, and the change in the atmosphere or the jolting of the cars affected their heads so that when they arrived here about 11:30 they seemed as though they might have been drinking.

They wandered around the streets until 2:30 and then Grim spied them on Broadway. About the same time a woman who resides in that part of the city said her window had been broken by Wallburg. Then Grim took them in charge and walked both of them to city hall. When they were directly in front of city hall Wallburg took a notion he would like to escape, but he didn't, and Grim and he had a catch-as-catch-can wrestling match, with Ethel as referee. Grim secured the first fall in a short time and Charles decided to discontinue the match, although he had a loaded revolver in his pocket. The two were then placed in jail.

Ethel says she is a Canadian and has been back to Quebec twice in the last year. At the hearing this morning she acknowledged that she had drunk a bit of blackberry wine, but had never been in a saloon in her life, except on one occasion when she went in to see the proprietor. The mayor fined her $9 60.

The memory of Charles was not very long and when the mayor called on him for an explanation of the affair the only thing he could tell about was the trolley ride and the return trip. He said they arrived in the city about 11:30 and half an hour later he was arrested. He also got $9.60.

Examined at Lisbon.

The statement in the Buckeye State that Judge Boone visited this city Tuesday and instructed that W. C. Hood be sent to the state hospital for epileptics at Gallipolis, was incorrect. Ed. C. Hood, who was meant, went to Lisbon with Charles Weaver yesterday for examination. Judge Boone being ill, the examination was conducted by the clerk and Examining Physician Moore and Mr. Hood is now awaiting the result. Judge Boone was not here this week.

EXPECT A RISE.

Ice In the River at This Place Broke Yesterday Afternoon.

Rivermen are confident that within the next week there will be plenty of water in the river, while the marks in the harbor today showed only 4.8 feet of water and rising, caused by the ice gorging. Yesterday afternoon the ice in the river commenced to move at this place, but 20 minutes later it again stopped. The moderating weather will probably cause the ice to break very soon.

Fell In the River Twice.

Richard Ruhe, while walking about the Jutte coal float, at the foot of Market street yesterday, fell into the river from a flat on which he was working. Later he commenced to cut some ice about the float, but it was too thin to bear his weight and he went into the cold water again.

In Columbus.

Uncle Billy Hutchison, of Columbiana, who served in the Seventy first and Seventy-second assemblies, was in the city yesterday, gazing fondly at the seat he occupied for four years and assisted in making laws for the state.—Columbus State Journal.

MOODY'S WORK TO GO ON.

Son Gave Assurances Regarding Educational Features Carried on by the Late Evangelist.

BOSTON, Jan. 5.—W. R. Moody, son of Dwight L. Moody, was in this city on business and when asked about the prospect of carrying on the educational work founded by the evangelist, said:

"So far as I can see, the work will go right along the lines which it has been taking the past 20 years or more. The financial arrangements for it have always been and will continue to be in trustworthy hands. We have two business men who act as treasurers, Samuel D. Davis of the Mount Herman institution and J. J. Esley of the Young Law seminary. All moneys received are turned over to them directly. As to my own part of the work, I may say that in the last few years I have given most of my time to editing The Record of Christian Works, a journal intended to represent what is called the Northfield teaching. Just before my father died he made special efforts to improve the paper. I am to continue as its editor."

SECRETARY GAGE AGREED.

Said to Court Investigation—Resolutions Adopted In Both House and Senate.

WASHINGTON, Jan. 5.—The Sulzer resolution calling upon Secretary Gage for all information regarding the deposit of government funds in certain New York national banks was adopted in the house. The resolution as adopted was made more general in its scope, and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom house site. Secretary Gage's friends had been informed that he courted the fullest investigation and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

The resolution introduced by Mr. Allen requesting information concerning the Hanover and National City banks was modified and passed in the house.

Lentz Also After Gage.

WASHINGTON, Jan. 5.—Representative Lentz of Ohio introduced resolutions reciting published reports that the secretary of the treasury will turn over internal revenue receipts to the National City bank of New York and providing for the appointment of a special nonpartisan committee of 12 members of the house for "a thorough and impartial investigation to determine the truth or falsity of the charges."

ITALY FOR OPEN DOOR.

Favorable Response to the Inquiry by United States Government.

WASHINGTON, Jan. 5.—Italy has returned a favorable response to the recent note of the state department respecting the open door in China. Italy was the last of the great powers remaining to be heard from.

SIX DEATHS FROM PLAGUE.

A Report Received From Honolulu, Dated Dec. 15.

WASHINGTON, Jan. 5.—Surgeon General Sternberg received a report from Major Taylor, the surgeon in charge at the military hospital in Honolulu, dated Dec. 15, containing the following:

"I have the honor to report that on the 11th and 12th of this month there were five deaths from bubonic plague in the Chinese quarter of Honolulu and another occurred this morning.

"The whole regiment of the Hawaii national guard isolates the infected districts and the board of health is making a house to house inspection and disinfection. All corpses have been cremated and I think there will be but little danger of infection among the troops. There is little doubt about the diagnosis in most of the cases."

Condition of the Negro.

WASHINGTON, Jan. 5.—H. B. Frissel, principal of the Hampton (Va.) Normal and Industrial institute, appeared before the industrial commission. He said in many sections the condition of the negro is better than in slavery days. Although the south has spent $100,000,000 on public education for negroes, one-third of the race has actually retrograded, one-third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means, rather than by hard work.

Favors Territorial Form For Hawaii.

WASHINGTON, Jan. 5.—The senate committee on foreign relations ordered a favorable report upon the bill creating a territorial government for Hawaii. A few modifications of the original bill were made, the most important being the validation of the sale of lands since annexation and fixing the tenure of the supreme court judges at nine years. The provision for a delegate in congress remains in the bill.

Will Have About 65,00 Men.

WASHINGTON, Jan. 5.—With the arrival at Manila of the transport Grant, which left San Francisco on the 21st ult. with the Forty-eighth volunteer infantry (colored), General Otis will have command of an effective force of about 65,000 men.

For Uniform Marriage and Divorce Laws.

WASHINGTON, Jan. 5.—Among the house measures introduced were: By Mr. Daly of New Jersey, to protect the public against trusts, etc.; by Mr. Wilson of Idaho, for a constitutional amendment authorizing uniform marriage and divorce laws.

BRIBE MONEY IN BOX.

Part of Harrell's Story Corroborated In Court, at Frankfort—Contest Committees Named.

FRANKFORT, Ky., Jan. 5.—The joint legislative committees which will sit in the contests for governor and lieutenant governor were drawn by lot as provided by law. The Democrats were lucky, as the drawing gave them ten out of the 11 members of the committee on the governor's contest and nine out of 11 on the lieutenant governor's contest.

In the drawing over the formation of the legislative contested election committees the results were somewhat more evenly divided. In the case of the two senatorial contests the Republicans got only one member out of nine in each committee, but in the house they got majorities on ten out of 18 committees which try contests. An incident connected with the drawing in the senate was when Senator Howard, Republican, objected to Senator Goebel's name being placed in the box. Senator Goebel rose from his seat and said:

"Under the law the names of all senators present must be placed in the box, but I beg to assure the senator that if my name should be drawn out, I, of course, will not serve."

It was unofficially announced that the Franklin county grand jury had found indictments against Colonel John H. Whallen and Charles Ryan, who, it was alleged, attempted to bribe Senator Harrell in the governorship contest. The indictments are based on conspiracy. The safety deposit box which Harrell designated as holding the money was turned over to the grand jury and found to contain four $1,000 bills and five $100 bills. The money was sealed up in a plain white envelope without writing. This in part corroborated Harrel's story.

The Democratic leaders in the legislature decided to take the ballot for United States senator next Tuesday. As it seems settled in advance that Blackburn will receive a majority in each house, a joint ballot will probably not be necessary. There is a question as to whether the ballot should be taken next Tuesday or Tuesday a week. Blackburn's friends decided as a matter of caution to have a ballot on both days.

France Pressing San Domingo.

SANTO DOMINGO, Jan. 5.—(Via Haitian cable.)—The French consul refused to accept the government's offer to pay the amount of the Boismare-Caccavelli claim of 280,000 francs in three installments, every fortnight, and insists on an immediate settlement. They were raising funds by public subscriptions and the patriotic feeling was very strong. Three days from yesterday were granted for the payment of the claim.

Logan's Remains to Lie In State.

YOUNGSTOWN, O., Jan. 5.—The remains of the late Major John A. Logan will lie in state in St. John's Episcopal church upon their arrival here. It is expected now that the funeral will occur about Feb. 5. Company H, Fifth O. N. G., of which Major Logan was captain for a long time, has been asked to act as an escort at the funeral service.

Minister Very Ill In Alaska.

PITTSBURG, Jan. 5.—Rev. S. Hall Young, a missionary well known in Pittsburg, is reported to be seriously ill at Cape Nome, Alaska. Dr. Young left this city about one year ago in charge of missionaries, and after placing them in various places in Alaska went to Cape Nome. An epidemic of typhoid fever was raging at the time he arrived, and after ministering to the sick he was stricken himself. A letter received from Cape Nome by Chancellor Holland told of his serious illness and stated that recovery was not expected.

For a Pension For Mrs. Brumby.

TIFLIS, Russian Transcaucasia, Jan. 5.—Altogether 13 villages in the Achalkalak district of this government have experienced earthquake shocks. Six of these places were completely destroyed and 800 dead bodies have already been recovered.

Knew Nothing of Delagoa Award.

LONDON, Jan. 5.—The British foreign office knows nothing about the report that the Berne arbitrators have made their award in the Delagoa bay railroad question, and so far as the foreign office officials were able to ascertain, it had not yet been made Thursday.

Gold to Be Shipped.

NEW YORK, Jan. 5.—Two million dollars in gold will be taken from the clearinghouse today by banks in this city. Arrangements to that effect were made and, unless additional orders are received today, it is believed that $2,000,000 will represent the amount of tomorrow's gold shipments.

Governor Brady Spoke.

NEW YORK, Jan. 5.—At the regular monthly meeting of the chamber of commerce Governor John G. Brady of Alaska briefly addressed the members on the need of certain legislation affecting that district.

UNION LABELS.

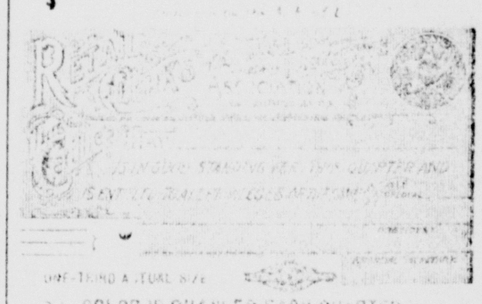

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

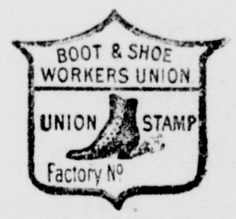

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

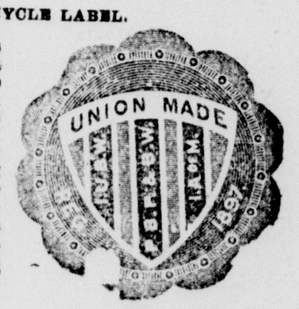

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold

The Label will be placed on the upper front side of the tube that receives the seat post.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

CHARLES AND ETHEL

Occupied Cells In the City Jail.

FIRST ARRESTS OF THE NEW YEAR

They Took a Trolley Ride to Wellsville and When They Got Back They Could Not Walk Straight--Grim Found Them on Broadway.

Charles Wallburg and Ethel Hoffman had the somewhat doubtful honor of being the first persons to occupy the city jail in the year 1900.

Charles and Ethel went trolley riding last evening to Wellsville, and the change in the atmosphere or the jolting of the cars affected their heads so that when they arrived here about 11:30 they seemed as though they might have been drinking.

They wandered around the streets until 2:30 and then Grim spied them on Broadway. About the same time a woman who resides in that part of the city said her window had been broken by Wallburg. Then Grim took them in charge and walked both of them to city hall. When they were directly in front of city hall Wallburg took a notion he would like to escape, but he didn't, and Grim and he had a catch-as-catch-can wrestling match, with Ethel as referee. Grim secured the first fall in a short time and Charles decided to discontinue the match, although he had a loaded revolver in his pocket. The two were then placed in jail.

Ethel says she is a Canadian and has been back to Quebec twice in the last year. At the hearing this morning she acknowledged that she had drunk a bit of blackberry wine, but had never been in a saloon in her life, except on one occasion when she went in to see the proprietor. The mayor fined her $9 60.

The memory of Charles was not very long and when the mayor called on him for an explanation of the affair the only thing he could tell about was the trolley ride and the return trip. He said they arrived in the city about 11:30 and half an hour later he was arrested. He also got $9.60.

Examined at Lisbon.

The statement in the Buckeye State that Judge Boone visited this city Tuesday and instructed that W. C. Hood be sent to the state hospital for epileptics at Gallipolis, was incorrect. Ed C. Hood, who was meant, went to Lisbon with Charles Weaver yesterday for examination. Judge Boone being ill, the examination was conducted by the clerk and Examining Physician Moore and Mr. Hood is now awaiting the result. Judge Boone was not here this week.

Teachers' Meeting.

Supt. R. E. Rayman announced today that a general teachers' meeting would be held in high school room tomorrow afternoon at 2:30 o'clock. The teachers will be given instructions relating to work for the spring term.

"The Arcade,"

In the Diamond, has the nicest and choicest line of comforts and blankets in the city. You can prove the truth of this assertion and save money on every purchase, by calling on Charles Levis, at "The Arcade," in the Diamond. *

EXPECT A RISE.

Ice In the River at This Place Broke Yesterday Afternoon.

Rivermen are confident that within the next week there will be plenty of water in the river, while the marks in the harbor today showed only 4.8 feet of water and rising, caused by the ice gorging. Yesterday afternoon the ice in the river commenced to move at this place, but 20 minutes later it again stopped. The moderating weather will probably cause the ice to break very soon.

Fell In the River Twice.

Richard Ruhe, while walking about the Jutte coal float, at the foot of Market street yesterday, fell into the river from a flat on which he was working. Later he commenced to cut some ice about the float, but it was too thin to bear his weight and he went into the cold water again.

In Columbus.

Uncle Billy Hutchison, of Columbiana, who served in the Seventy first and Seventy-second assemblies, was in the city yesterday, gazing fondly at the seat he occupied for four years and assisted in making laws for the state.—Columbus State Journal.

Comforts. Comforts.

Oh, but they are comfortable, and they are the very nicest in the city, and the prices so low that they confound all competitors and delight puchasers. At "The Arcade," Diamond, Chas. Levis, proprietor. *

Our Annual Clearance

Begins With This Announcement.

With us its a matter of policy to let each year's business tell its own tale of profits or losses. Our fiscal year begins February 1st. January is devoted to clearing up affairs for the past year. Slaughter! Sacrifice! Murder! Whoopla! and like sensational terms are left for merchants less serious and more greedy. We are in dead earnest. Once a year our business is wound up, so to speak. Every dollar's worth of goods in the establishment is offered at prices which will induce buying. Prices that will tempt those who have waited for just such occasions Reductions ranging from 10 to 50 per cent. are made, according to the stability of the merchandise. Clothing is reduced to actually less than the factory cost. Hats and Caps and Winter Underwear come next. Staple articles, such as Umbrellas, Handkerchiefs, Trunks, are subjected to smaller reductions. Less than cost if necessary only on those articles affected by seasons or the elements. There's the true unalloyed history of our annual sale. We depend upon our patrons for existence, for future growth. We cannot afford to trifle with their confidence, nor to juggle with the truth. The reductions below are not exaggerated, and Money Back on Demand, secures those with doubts, or those who desire to take our offerings for comparison with the wares of others. A fair proposition.

SUBURBAN NEWS.

MISSIONARY MEETING.

MANY INTERESTING PAPERS WERE READ.

Good Work Done by Rev. Orcutt. Boys Play Polo--Lost His Dog--News.

The first meeting of the missionary society of the Second Presbyterian church this year was held yesterday afternoon. The attendance was very good, and the following program was carried out: Foreign, subject, "Syria," conducted by Mrs. Crowe, followed by readings by Mrs. Baird, Mrs. Allabaugh, Mrs. McCain, Mrs. Anderson and Miss Allie Baird; home, subject, "Mountaineers," conducted by Mrs. Grant. Greetings by Miss Edith Baird. Bible reading Mrs. Snowden. Other papers were read by Mrs. Crowe, Mrs. Michael, Mrs. Young and Mrs. Dixon.

GOOD WORK.

Many Members Joined Second Methodist Episcopal Church Since Fall.

Since last fall when Rev. George W. Orcutt assumed the pastorate of the Second Methodist Episcopal church up to the first of the year, 17 new members were placed on the church roll. This gives the church a total membership of not less than 260, about the largest in the suburb. The revival meetings at the church and the cottage prayer meetings, being held under the direction of Miss McDowell, of Cleveland, it is thought will be the means of swelling the membership of the church to near the 300 mark.

Playing Polo.

Yesterday a number of young boys from the East End organized a scrub polo team, and at 4 o'clock the game was started on the ice between Babb's island and the Ohio shore. The boys were well up in the points of the game, and it was watched with interest by a good crowd of young people from the bank.

Stole the Dog.

James Robinette made arrangements to take a hunting trip through the woods yesterday afternoon but when he went to get his fine Gordon setter he discovered it was gone. As there have been a number of good dogs killed in the suburb recently Robinette is of the opinion his dog has been treated as the others.

Among the Sick.

James Noah, who has been confined to his home by illness for the past month, will be able to be out within a few days.

Mr. McConnell, of High street, is ill with an attack of typhoid fever.

A small child of Alex Chaffin is very ill.

Out of Order Again.

Yesterday the electric danger bell at the Mulberry street crossing refused to ring. Residents of that part of the city are of the opinion an accident will happen at that crossing unless the bell is either kept in working order or a watchman is placed there.

Running in Full Soon.

Slowly new departments are being placed in position at the new Laughlin pottery and by next week the entire plant will be running. The second glost kiln was drawn today and the decorators will start next week.

Inspected the Plant.

President Aarons, of the Laughlin China company, spent yesterday afternoon in the East End inspecting the new plant.

CHILLY BATH OF THREE CHESTER MEN

Who Were Cutting Ice—Farmers' Institute Closes—Boilers on the Way.

An accident occurred in Chester yesterday that nearly cost three Chester men their lives. Late yesterday afternoon, while Ira Babb, Addison and Harry Finley were cutting ice at the mouth of Cunningham's run, a team of horses and wagon were run on the ice. After the wagon had been loaded its weight was too great for the ice, which was eight inches thick, and it went under. The three men also went into the water, Babb going in up to his neck. The Finley brothers also went in, but not so deep as Babb. With great difficulty the horses were rescued, and for a time it was thought that Babb would be washed under the ice by the swift current.

THE INSTITUTE.

A Profitable Meeting of Hancock County Farmers Closed Last Night.

The annual institute of the Hancock county farmers closed at Fairview last night, it being one of the most interesting meetings ever held by that body Yesterday two of the best papers were read—that by Major Mills upon "The Proper Education of the Farmer For His Profession," and by Hon. D. J. Smith, of St. Clair township, who read a paper on "Should Farmers Organize? If so, Why?" Both papers were read in an able manner.

A debate between Mr. Smith and Mr. Owen on the subject of "Advantages of Stock Raising Over Grain Growing in This Section" was one of the best discussions that was before the institute. Mr. Smith was of the opinion stock raising was more profitable.

On the Way.

The officials of the Chester rolling mill company yesterday received word that all the boilers for their works were lying at Mingo junction. The cars on which they are loaded should have been delivered in the lower freight yards before this, but have been delayed on account of a serious wreck at that place.

Shipped More Machinery.

Contractor McNally today shipped another car load of grading tools to a point near Uniontown, Pa. There is but one set of tools left on that side of the river to finish the grading on the additional mile of road. All the dinky tracks south of the country road bridge have been removed.

Resumed Grading.

Contractor Seevers this morning resumed the grading of streets in the mill company's addition. The work has been delayed for several weeks on account of the cold weather.

Applying For a Pardon.

An application will be made for the parole from the Mansfield reformatory of Theodore Pryor, who last spring was given an indefinite sentence in the common pleas court upon conviction of having killed a fellow roustabout on a steamer while lying at the East Liverpool wharf. The parole has been recommended by the officials of the reformatory, and is not likely to meet with any opposition. Pryor's home is in East Liverpool.

SHERIFF'S INSTRUCTIONS TO HIS DEPUTIES.

They Are to Remember They Have Duties That Are to Be Performed.

LISBON, Jan. 5.—[Special]—Sheriff S. D Noragon, in issuing the usual instructions to his deputies, was a little more explicit and emphatic than customary. After defining their duties he warns them that they are equally responsible with the sheriff for the preservation of the public peace and reminded them that they were not appointed simply for the honor and dignity of the position, but to actively aid the sheriff in the performance of his and their duties.

Sheriff Noragon, in issuing his instructions, is following out a rule of the railroad business with which he was so long identified, that all employes must understand their duties thoroughly and understand that they are expected to perform them fully.

MEMORIAL MEETING

HELD LAST NIGHT AT THE M. P. WINTER SERVICES.

The Historical and Reminiscent Meeting to Be Held This Evening.

At the encampment in the Methodist Episcopal church last night the usual large congregation was present and the character of the exercises were such as to make it a time of much tenderness. The names of the six deceased pastors were first called, viz: Reverends Edward A. Brindley, who organized the church in 1856; Henry Palmer, father of the present proprietor of the NEWS REVIEW; Jesse Hull, John Hodgkinson, William Wallace and William T. Wilson, who died while pastor of the church in 1885. Then the roll of the deceased lay members was called amid the most profound silence, there were about 130 names in all, some of whom were prominent citizens of East Liverpool in their day. After this ceremony followed an altar service and final prayer, a time of deep impressions and heart searchings.

Tonight there is to be an historical and reminiscent meeting and a paper by Mr. Robert Burford. Old time attendants at this church are especially invited tonight.

ANTE-NUPTIAL CONTRACT.

Mrs. Cook Obtains Judgment For Amount Claimed a Second Time.

LISBON, Jan. 5.—[Special]—In the case of Fannie Cook vs. Job Cook and others, of Salem, the jury returned a verdict of $1,039 63 for plaintiff, the same amount that the jury found last term. Plaintiff sued for $1,000 with interest from February 4, '99. She is the widow of Henry Cook, late of Salem, to whom she was married in 1889. By an ante-nuptial contract Henry Cook agreed to bequeath to Fanny Cook in his will the sum of $1,000, in consideration of which she was to release all right of dower in his estate. He failed to make the bequest and his widow sued on the contract. The defendants claimed that by an agreement made afterwards Henry Cook built a house for the plaintiff instead of the $1,000.

SENATOR STEWART says he advised Bryan to take a trip abroad and learn something. Bill probably declined because he already knew it all.

SEVERAL exchanges want to know if the Ohio centennial exposition to be held at Toledo is worth the million dollars asked from this state. It isn't.

FRANCE has officially decreed that the hours shall be numbered from 1 a. m, to 24. Just think of curfew ringing out 21 o'clock!

AUSTRIA is also working around to the gold standard. Bryan must be imitating his ostrich and sticking his head in the sand.

IT is odd to find the state Democratic press teeming with praise for an outgoing Republican governor. It is enough to make him ask himself what he has been guilty of.

FOR the present term at least, the salary of Ohio's lieutenant governor will continue to be $800. The house refused to suspend its rules and pass the senate bill raising it to $1,800.

COMMENDABLE.

Sheriff S. D. Noragon's instructions to his deputies and his care to impress upon them the fact that they had certain duties and he expected them to be performed, will meet with commendation on all sides. The new sheriff intends not alone to maintain the high record of his predecessors but if possible to improve upon it.

SURPRISING FIGURES.

The total value of the eggs and chickens marketed in the United States last year was $290,000,000. The magnitude of the poultry industry is made more evident in the fact that the value of the 1898 potato crop was only $80,000,000, and the total value of the big iron output seldom exceeds $130,000,000 while the annual output of coal amounts only to about $200,000,000.

GOOD FOR HIM.

Yes, and for the business men who employ him and who obey the law and enforce its orders and ordinances. We have reference to the usher who compelled the removal of a hat, bonnet, poke, or some other headgear, worn by an offender and lawbreaker at the Grand Opera House last night. A few lessons of this kind will effect the desired result, and teach the wearers of rooster's feathers that there are parties in the house other than their egotistic and selfish selves.

TOOK DEFINITE ACTION

Carnegie Library Commission Met Last Night.

MR. GEORGE WILL MAKE PLANS

Of the Site, Giving the Distances, Elevations and Data In Order That the Architects May Go to Work--Carnegie Will Be Communicated With.

Some definite action in regard to the new library has now been taken.

The Carnegie library commission met last evening at the office of Attorney J. H. Brookes and instructed Engineer George to make a map of the library site, giving the ground elevation, distances, grades and all necessary data.

Secretary Brookes was instructed to communicate with Carnegie, telling him the site was now ready, and asking him to advise the board in regard to the cash, in order that the expense of the plans and other necessary expenses may be provided for.

Propositions have been received from numerous architects and the sentiment of the board seemed to be in favor of free competition to all architects. No action was taken on the matter and the board will determine at a future meeting just how plans will be received and what steps will be taken to invite competition.

What Say You?

IS THIS THE 19TH OR 20TH CENTURY?

WE hold that the Twentieth Century commences at midnight of the 31st of next December, and opens with Jan. 1, 2000. We believe that we are right. What say you?

This is a sure point for argument and discussion. But there is no chance for argument when we state that, on

Saturday, Jan. 6, 1900,

We will offer you wonderful inducements in Men's Suits and Overcoats and in Boys' Knee Pants. Note the following:

OVERCOATS that sold at $12, $13.50 and $15, embracing now some lots where we have but 1, 2 or 3 of a style, will be sold on SATURDAY, January 6, ONLY, at $10

MARK THIS IN YOUR MIND VERY PLAINLY: This offer does not mean on Monday, Tuesday, Wednesday, Thursday or Friday, but

Saturday Only, Jan. 6th, 1900.

JOSEPH BROS.

MOODY'S WORK TO GO ON.

Son Gave Assurances Regarding Educational Features Carried on by the Late Evangelist.

BOSTON, Jan. 5.—W. R. Moody, son of Dwight L. Moody, was in this city on business and when asked about the prospect of carrying on the educational work founded by the evangelist, said:

"So far as I can see, the work will go right along the lines which it has been taking the past 20 years or more. The financial arrangements for it have always been and will continue to be in trustworthy hands. We have two business men who act as treasurers, Samuel D. Davis of the Mount Herman institution and J. J. Esley of the Young Law seminary. All moneys received are turned over to them directly. As to my own part of the work, I may say that in the last few years I have given most of my time to editing The Record of Christian Works, a journal intended to represent what is called the Northfield teaching. Just before my father died he made special efforts to improve the paper. I am to continue as its editor."

SECRETARY GAGE AGREED.

Said to Court Investigation—Resolutions Adopted In Both House and Senate.

WASHINGTON, Jan. 5.—The Sulzer resolution calling upon Secretary Gage for all information regarding the deposit of government funds in certain New York national banks was adopted in the house. The resolution as adopted was made more general in its scope, and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom house site. Secretary Gage's friends had been informed that he courted the fullest investigation and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

The resolution introduced by Mr. Allen requesting information concerning the Hanover and National City banks was modified and passed in the house.

Lentz Also After Gage.

WASHINGTON, Jan. 5.—Representative Lentz of Ohio introduced resolutions reciting published reports that the secretary of the treasury will turn over internal revenue receipts to the National City bank of New York and providing for the appointment of a special nonpartisan committee of 12 members of the house for "a thorough and impartial investigation to determine the truth or falsity of the charges."

ITALY FOR OPEN DOOR.

Favorable Response to the Inquiry by United States Government.

WASHINGTON, Jan. 5.—Italy has returned a favorable response to the recent note of the state department respecting the open door in China. Italy was the last of the great powers remaining to be heard from.

SIX DEATHS FROM PLAGUE.

A Report Received From Honolulu, Dated Dec. 15.

WASHINGTON, Jan. 5.—Surgeon General Sternberg received a report from Major Taylor, the surgeon in charge at the military hospital in Honolulu, dated Dec. 15, containing the following:

"I have the honor to report that on the 11th and 12th of this month there were five deaths from bubonic plague in the Chinese quarter of Honolulu and another occurred this morning.

"The whole regiment of the Hawaii national guard isolates the infected districts and the board of health is making a house to house inspection and disinfection. All corpses have been cremated and I think there will be but little danger of infection among the troops. There is little doubt about the diagnosis in most of the cases."

Condition of the Negro.

WASHINGTON, Jan. 5.—H. B. Frissel, principal of the Hampton (Va.) Normal and Industrial institute, appeared before the industrial commission. He said in many sections the condition of the negro is better than in slavery days. Although the south has spent $100,000,000 on public education for negroes, one-third of the race has actually retrograded, one-third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means, rather than by hard work.

Favors Territorial Form For Hawaii.

WASHINGTON, Jan. 5.—The senate committee on foreign relations ordered a favorable report upon the bill creating a territorial government for Hawaii. A few modifications of the original bill were made, the most important being the validation of the sale of lands since annexation and fixing the tenure of the supreme court judges at nine years. The provision for a delegate in congress remains in the bill.

Will Have About 65,00 Men.

WASHINGTON, Jan. 5.—With the arrival at Manila of the transport Grant, which left San Francisco on the 21st ult. with the Forty-eighth volunteer infantry (colored), General Otis will have command of an effective force of about 65,000 men.

For Uniform Marriage and Divorce Laws.

WASHINGTON, Jan. 5.—Among the house measures introduced were: By Mr. Daly of New Jersey, to protect the public against trusts, etc.; by Mr. Wilson of Idaho, for a constitutional amendment authorizing uniform marriage and divorce laws.

BRIBE MONEY IN BOX.

Part of Harrell's Story Corroborated In Court, at Frankfort—Contest Committees Named.

FRANKFORT, Ky., Jan. 5.—The joint legislative committees which will sit in the contests for governor and lieutenant governor were drawn by lot as provided by law. The Democrats were lucky, as the drawing gave them ten out of the 11 members of the committee on the governor's contest and nine out of 11 on the lieutenant governor's contest.

In the drawing over the formation of the legislative contested election committees the results were somewhat more evenly divided. In the case of the two senatorial contests the Republicans got only one member out of nine in each committee, but in the house they got majorities on ten out of 18 committees which try contests. An incident connected with the drawing in the senate was when Senator Howard, Republican, objected to Senator Goebel's name being placed in the box. Senator Goebel rose from his seat and said:

"Under the law the names of all senators present must be placed in the box, but I beg to assure the senator that if my name should be drawn out, I, of course, will not serve."

It was unofficially announced that the Franklin county grand jury had found indictments against Colonel John H. Whallen and Charles Ryan, who, it was alleged, attempted to bribe Senator Harrell in the governorship contest. The indictments are based on conspiracy. The safety deposit box which Harrell designated as holding the money was turned over to the grand jury and found to contain four $1,000 bills and five $100 bills. The money was sealed up in a plain white envelope without writing. This in part corroborated Harrel's story.

The Democratic leaders in the legislature decided to take the ballot for United States senator next Tuesday. As it seems settled in advance that Blackburn will receive a majority in each house, a joint ballot will probably not be necessary. There is a question as to whether the ballot should be taken next Tuesday or Tuesday a week. Blackburn's friends decided as a matter of caution to have a ballot on both days.

France Pressing San Domingo.

SANTO DOMINGO, Jan. 5.—(Via Haitian cable.)—The French consul refused to accept the government's offer to pay the amount of the Boismare-Caccavelli claim of 280,000 francs in three installments, every fortnight, and insists on an immediate settlement. They were raising funds by public subscriptions and the patriotic feeling was very strong. Three days from yesterday were granted for the payment of the claim.

Minister Very Ill In Alaska.

PITTSBURG, Jan. 5.—Rev. S. Hall Young, a missionary well known in Pittsburg, is reported to be seriously ill at Cape Nome, Alaska. Dr. Young left this city about one year ago in charge of missionaries, and after placing them in various places in Alaska went to Cape Nome. A letter received from Cape Nome by Chancellor Holland told of his serious illness and stated that recovery was not expected.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

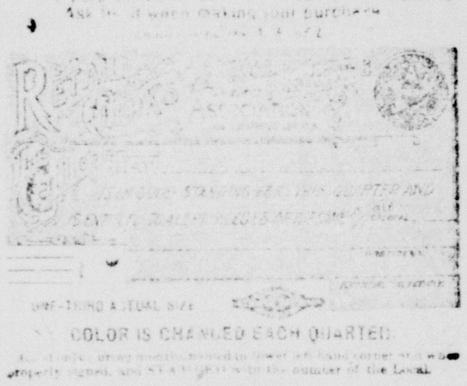

UNION PAPERS.

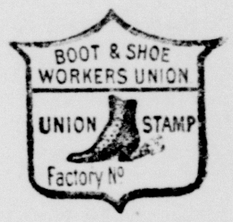

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns.

Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CHARLES AND ETHEL

Occupied Cells In the City Jail.

FIRST ARRESTS OF THE NEW YEAR

They Took a Trolley Ride to Wellsville and When They Got Back They Could Not Walk Straight--Grim Found Them on Broadway.

Charles Wallburg and Ethel Hoffman had the somewhat doubtful honor of being the first persons to occupy the city jail in the year 1900.

Charles and Ethel went trolley riding last evening to Wellsville, and the change in the atmosphere or the jolting of the cars affected their heads so that when they arrived here about 11:30 they seemed as though they might have been drinking.

They wandered around the streets until 2:30 and then Grim spied them on Broadway. About the same time a woman who resides in that part of the city said her window had been broken by Wallburg. Then Grim took them in charge and walked both of them to city hall. When they were directly in front of city hall Wallburg took a notion he would like to escape, but he didn't, and Grim and he had a catch-as-catch-can wrestling match, with Ethel as referee. Grim secured the first fall in a short time and Charles decided to discontinue the match, although he had a loaded revolver in his pocket. The two were then placed in jail.

Ethel says she is a Canadian and has been back to Quebec twice in the last year. At the hearing this morning she acknowledged that she had drunk a bit of blackberry wine, but had never been in a saloon in her life, except on one occasion when she went in to see the proprietor. The mayor fined her $9 60.

The memory of Charles was not very long and when the mayor called on him for an explanation of the affair the only thing he could tell about was the trolley ride and the return trip. He said they arrived in the city about 11:30 and half an hour later he was arrested. He also got $9.60.

Examined at Lisbon.

The statement in the Buckeye State that Judge Boone visited this city Tuesday and instructed that W. C. Hood be sent to the state hospital for epileptics at Gallipolis, was incorrect. Ed C. Hood, who was meant, went to Lisbon with Charles Weaver yesterday for examination. Judge Boone being ill, the examination was conducted by the clerk and Examining Physician Moore and Mr. Hood is now awaiting the result. Judge Boone was not here this week.

EXPECT A RISE.

Ice In the River at This Place Broke Yesterday Afternoon.

Rivermen are confident that within the next week there will be plenty of water in the river, while the marks in the harbor today showed only 4.8 feet of water and rising, caused by the ice gorging. Yesterday afternoon the ice in the river commenced to move at this place, but 20 minutes later it again stopped. The moderating weather will probably cause the ice to break very soon.

Fell In the River Twice.

Richard Ruhe, while walking about the Jutte coal float, at the foot of Market street yesterday, fell into the river from a flat on which he was working. Later he commenced to cut some ice about the float, but it was too thin to bear his weight and he went into the cold water again.

MOODY'S WORK TO GO ON.

Son Gave Assurances Regarding Educational Features Carried on by the Late Evangelist.

BOSTON, Jan. 5.—W. R. Moody, son of Dwight L. Moody, was in this city on business and when asked about the prospect of carrying on the educational work founded by the evangelist, said:

"So far as I can see, the work will go right along the lines which it has been taking the past 20 years or more. The financial arrangements for it have always been and will continue to be in trustworthy hands. We have two business men who act as treasurers, Samuel D. Davis of the Mount Herman institution and J. J. Esley of the Young Law seminary. All moneys received are turned over to them directly. As to my own part of the work, I may say that in the last few years I have given most of my time to editing The Record of Christian Works, a journal intended to represent what is called the Northfield teaching. Just before my father died he made special efforts to improve the paper. I am to continue as its editor."

SECRETARY GAGE AGREED.

Said to Court Investigation—Resolutions Adopted In Both House and Senate.

WASHINGTON, Jan. 5.—The Sulzer resolution calling upon Secretary Gage for all information regarding the deposit of government funds in certain New York national banks was adopted in the house. The resolution as adopted was made more general in its scope, and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom house site. Secretary Gage's friends had been informed that he courted the fullest investigation and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

The resolution introduced by Mr. Allen requesting information concerning the Hanover and National City banks was modified and passed in the house.

Lentz Also After Gage.

WASHINGTON, Jan. 5.—Representative Lentz of Ohio introduced resolutions reciting published reports that the secretary of the treasury will turn over internal revenue receipts to the National City bank of New York and providing for the appointment of a special nonpartisan committee of 12 members of the house for "a thorough and impartial investigation to determine the truth or falsity of the charges."

SIX DEATHS FROM PLAGUE.

A Report Received From Honolulu, Dated Dec. 15.

WASHINGTON, Jan. 5.—Surgeon General Sternberg received a report from Major Taylor, the surgeon in charge at the military hospital in Honolulu, dated Dec. 15, containing the following:

"I have the honor to report that on the 11th and 12th of this month there were five deaths from bubonic plague in the Chinese quarter of Honolulu and another occurred this morning.

"The whole regiment of the Hawaii national guard isolates the infected districts and the board of health is making a house to house inspection and disinfection. All corpses have been cremated and I think there will be but little danger of infection among the troops. There is little doubt about the diagnosis in most of the cases."

Condition of the Negro.

WASHINGTON, Jan. 5.—H. B. Frissel, principal of the Hampton (Va.) Normal and Industrial institute, appeared before the industrial commission. He said in many sections the condition of the negro is better than in slavery days. Although the south has spent $100,000,000 on public education for negroes, one-third of the race has actually retrograded, one-third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means, rather than by hard work.

Favors Territorial Form For Hawaii.

WASHINGTON, Jan. 5.—The senate committee on foreign relations ordered a favorable report upon the bill creating a territorial government for Hawaii. A few modifications of the original bill were made, the most important being the validation of the sale of lands since annexation and fixing the tenure of the supreme court judges at nine years. The provision for a delegate in congress remains in the bill.

WASHINGTON, Jan. 5.—With the arrival at Manila of the transport Grant, which left San Francisco on the 21st ult. with the Forty-eighth volunteer infantry (colored), General Otis will have command of an effective force of about 65,000 men.

For Uniform Marriage and Divorce Laws.

WASHINGTON, Jan. 5.—Among the house measures introduced were: By Mr. Daly of New Jersey, to protect the public against trusts, etc.; by Mr. Wilson of Idaho, for a constitutional amendment authorizing uniform marriage and divorce laws.

BRIBE MONEY IN BOX.

Part of Harrell's Story Corroborated In Court, at Frankfort—Contest Committees Named.

FRANKFORT, Ky., Jan. 5.—The joint legislative committees which will sit in the contests for governor and lieutenant governor were drawn by lot as provided by law. The Democrats were lucky, as the drawing gave them ten out of the 11 members of the committee on the governor's contest and nine out of 11 on the lieutenant governor's contest.

In the drawing over the formation of the legislative contested election committees the results were somewhat more evenly divided. In the case of the two senatorial contests the Republicans got only one member out of nine in each committee, but in the house they got majorities on ten out of 18 committees which try contests. An incident connected with the drawing in the senate was when Senator Howard, Republican, objected to Senator Goebel's name being placed in the box. Senator Goebel rose from his seat and said:

"Under the law the names of all senators present must be placed in the box, but I beg to assure the senator that if my name should be drawn out, I, of course, will not serve."

It was unofficially announced that the Franklin county grand jury had found indictments against Colonel John H. Whallen and Charles Ryan, who, it was alleged, attempted to bribe Senator Harrell in the governorship contest. The indictments are based on conspiracy. The safety deposit box which Harrell designated as holding the money was turned over to the grand jury and found to contain four $1,000 bills and five $100 bills. The money was sealed up in a plain white envelope without writing. This in part corroborated Harrel's story.

The Democratic leaders in the legislature decided to take the ballot for United States senator next Tuesday. As it seems settled in advance that Blackburn will receive a majority in each house, a joint ballot will probably not be necessary. There is a question as to whether the ballot should be taken next Tuesday or Tuesday a week. Blackburn's friends decided as a matter of caution to have a ballot on both days.

France Pressing San Domingo.

SANTO DOMINGO, Jan. 5.—(Via Haitian cable.)—The French consul refused to accept the government's offer to pay the amount of the Boismare-Caccavelli claim of 280,000 francs in three installments, every fortnight, and insists on an immediate settlement. They were raising funds by public subscriptions and the patriotic feeling was very strong. Three days from yesterday were granted for the payment of the claim.

Minister Very Ill In Alaska.

PITTSBURG, Jan. 5.—Rev. S. Hall Young, a missionary well known in Pittsburg, is reported to be seriously ill at Cape Nome, Alaska. UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

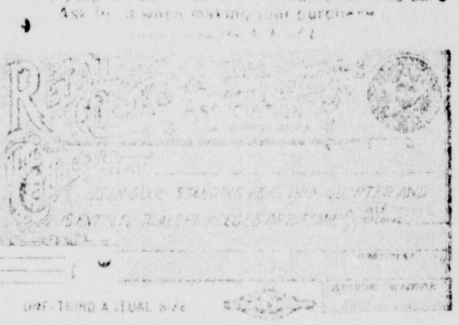

UNION PAPERS.

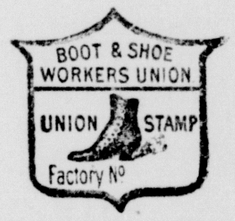

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

CHARLES AND ETHEL

Occupied Cells In the City Jail.

FIRST ARRESTS OF THE NEW YEAR

They Took a Trolley Ride to Wellsville and When They Got Back They Could Not Walk Straight--Grim Found Them on Broadway.

Charles Wallburg and Ethel Hoffman had the somewhat doubtful honor of being the first persons to occupy the city jail in the year 1900.

Charles and Ethel went trolley riding last evening to Wellsville, and the change in the atmosphere or the jolting of the cars affected their heads so that when they arrived here about 11:30 they seemed as though they might have been drinking.

They wandered around the streets until 2:30 and then Grim spied them on Broadway. About the same time a woman who resides in that part of the city said her window had been broken by Wallburg. Then Grim took them in charge and walked both of them to city hall. When they were directly in front of city hall Wallburg took a notion he would like to escape, but he didn't, and Grim and he had a catch-as-catch-can wrestling match, with Ethel as referee. Grim secured the first fall in a short time and Charles decided to discontinue the match, although he had a loaded revolver in his pocket. The two were then placed in jail.

Ethel says she is a Canadian and has been back to Quebec twice in the last year. At the hearing this morning she acknowledged that she had drunk a bit of blackberry wine, but had never been in a saloon in her life, except on one occasion when she went in to see the proprietor. The mayor fined her $9 60.

The memory of Charles was not very long and when the mayor called on him for an explanation of the affair the only thing he could tell about was the trolley ride and the return trip. He said they arrived in the city about 11:30 and half an hour later he was arrested. He also got $9.60.

Examined at Lisbon.

The statement in the Buckeye State that Judge Boone visited this city Tuesday and instructed that W. C. Hood be sent to the state hospital for epileptics at Gallipolis, was incorrect. Ed C. Hood, who was meant, went to Lisbon with Charles Weaver yesterday for examination. Judge Boone being ill, the examination was conducted by the clerk and Examining Physician Moore and Mr. Hood is now awaiting the result. Judge Boone was not here this week.

EXPECT A RISE.

Ice In the River at This Place Broke Yesterday Afternoon.

Rivermen are confident that within the next week there will be plenty of water in the river, while the marks in the harbor today showed only 4.8 feet of water and rising, caused by the ice gorging. Yesterday afternoon the ice in the river commenced to move at this place, but 20 minutes later it again stopped. The moderating weather will probably cause the ice to break very soon.

Fell In the River Twice.

Richard Ruhe, while walking about the Jutte coal float, at the foot of Market street yesterday, fell into the river from a flat on which he was working. Later he commenced to cut some ice about the float, but it was too thin to bear his weight and he went into the cold water again.

In Columbus.

Uncle Billy Hutchison, of Columbiana, who served in the Seventy first and Seventy-second assemblies, was in the city yesterday, gazing fondly at the seat he occupied for four years and assisted in making laws for the state.—Columbus State Journal.

Our Annual Clearance

Begins With This Announcement.

With us its a matter of policy to let each year's business tell its own tale of profits or losses. Our fiscal year begins February 1st. January is devoted to clearing up affairs for the past year. Slaughter! Sacrifice! Murder! Whoopla! and like sensational terms are left for merchants less serious and more greedy. We are in dead earnest. Once a year our business is wound up, so to speak. Every dollar's worth of goods in the establishment is offered at prices which will induce buying. Prices that will tempt those who have waited for just such occasions Reductions ranging from 10 to 50 per cent. are made, according to the stability of the merchandise. Clothing is reduced to actually less than the factory cost. Hats and Caps and Winter Underwear come next. Staple articles, such as Umbrellas, Handkerchiefs, Trunks, are subjected to smaller reductions. Less than cost if necessary only on those articles affected by seasons or the elements. There's the true unalloyed history of our annual sale. We depend upon our patrons for existence, for future growth. We cannot afford to trifle with their confidence, nor to juggle with the truth The reductions below are not exaggerated, and Money Back on Demand, secures those with doubts, or those who desire to take our offerings for comparison with the wares of others. A fair proposition.

15TH YEAR. NO. 176. EAST LIVERPOOL, O., FRIDAY. JAN. 5, 1900. TWO CENTS

BEVERIDGE TO SPEAK

Will Talk on Philippines on Tuesday.

HOOSIER ORATOR GAVE NOTICE.

Aldrich Made the Opening Statement In the Senate on the Financial Bill—Pettigrew Resolution Went Over Until Monday Nezt.

WASHINGTON, Jan. 5.—In accordance with the notice previously given by him Senator Aldrich opened the discussion of the financial bill in the senate with a speech in explanation of the senate substitute for the house bill. The speech was carefully prepared and was read from manuscript. It was delivered in clear and distinct language, but without any effort at oratory.

Senators present gave him careful attention, but no one interrupted him with questions or otherwise during the delivery, nor did any one manifest a disposition to reply after he had concluded. After Mr. Aldrich concluded the senate adjourned over until Monday for the purpose, it is understood, of giving those who may wish to reply to the Rhode Island senator an opportunity to study his presentation of the subject.

The Pettigrew resolution concerning the Philippine war went over until Monday, when, it is understood, some senators will be asked to be heard on the general Philippine question. Senator Beveridge also gave notice of a speech for Tuesday on the Philippine question, prefacing his notice with a resolution declaring his own position on the subject.

The first section contains a clear and definite declaration that the gold dollar is and shall continue to be the standard unit of value; a new and more emphatic pledge on the part of the United States that all forms of money it may issue or coin shall be at all times maintained at an equality of value with the gold coin adopted as the standard, and a specific provision that United States notes and treasury notes shall, upon presentation at the treasury, be redeemed in standard gold coin.

The bill now before the senate contains no disavowal of the position heretofore taken upon the question of international bimetallism and places no obstacles in the way of its accomplishment in the future. If it is possible to secure permanence of relative value to gold and silver coins, with the free coinage of both metals at a fixed ratio, this permanence can only be secured by concurrent action of all leading commercial nations.

Mr. Aldrich said that the Democrats while masquerading as the friends of bimetallism, have for the past four years been engaged in a crusade in behalf of the single standard of silver, in a serious attempt to place the money and business of the country upon a silver basis; that the assertion that the free and unlimited coinage of gold and silver at the historical ratio of 16 to 1, without waiting for the consent of any other nation on earth, will be the supreme issue in 1900, as it was in 1896, has not been contradicted.

He further said in part:

No sane man can be found, outside of the ranks of the small band of bold, and aggressive leaders who at present dominate the policy of the Democratic party, who believes for an instant that the opening of our mints to the free coinage of silver at the ratio of 16 to 1 will raise the value of silver bullion from its current commercial price to its mint price measured with relation to gold.

The second section provides for a reserve fund of $150,000,000 in gold to secure the prompt and certain redemption of outstanding United States notes and treasury notes. This fund is increased $50,000,000 over that which is now held by the treasury for redemption purposes.

The amount of silver certificates in circulation on Dec. 1, 899, was $.94,292 80) and of standard silver dollars $18,232,454, a total of $472,525,254. This amount will be gradually increased by the silver coinage, which will take place under the provisions of the act of June 18, 1898. Both silver dollars and silver certificates are by law receivable for all public dues and as long as the ordinary recepts of the government are more than $6 0,000,000 per annum it is very evident that silver certificates are not likely to go to a discount.

The third section makes it the duty of the secretary of the treasury, as fast as standard silver dollars are coined, as required by law, from the bullion purchased under the act of July 14, 1890, to retire and cancel an equal amount of treasury notes and provides that upon the cancellation of the notes silver certificates shall be issued against the silver dollars so coined.

The fourth section authorizes and directs the secretary of the treasury to receive deposits of gold coin and to issue gold certificates therefor in denominations of not less than $20. The provisions of this section are in most respects the same as those contained in the twelfth section of the act of July 12, 1882.

The fifth section provides that no United States notes or treasury notes shall hereafter be issued or reissued in denominations of less than $10, and that all such notes of a smaller denomination, when redeemed, shall be canceled and notes of $10 or upward substituted therefor. It also provides that no silver certificates of a higher denomination than $10 shall be issued.

The sixth section of the substitute gives to the secretary of the treasury authority to convert a portion of the national debt into bonds bearing 2 per cent interest. The proposition contemplates a profitable anticipation of interest payments and consequent reduction of the public debt.

The seventh section provides that upon the deposit of United States bonds by any national banking association in the manner provided by law, such association shall be entitled to receive circulating notes equal to the par value of the bonds deposited. It also provides that any national banking association now having bonds on deposit shall be entitled to the same privilege.

The eighth section provides that any national banking association having on deposit as security for its circulation notes bonds of the United States bearing interest at 2 per cent per annum shall pay a tax upon such circulating notes of ½ of 1 per cent annually, instead of the tax of 1 per cent now imposed by law.

HOAR APPARENTLY FOR QUAY.

Replied to Letters Urging Him Not to Vote For Him.

WASHINGTON, Jan. 5.—Mr. Hoar, in the senate, said he had received numerous letters urging him not to vote for the seating of Mr. Quay upon the appointment of the governor of Pennsylvania, on the ground of charges against the personal character of Mr. Quay. Mr. Hoar referred to the fact that he had frequently investigated the subject of the right of a governor to fill a vacancy and to the numerous speeches and reports he had made in support of the theory. It was not to be expected that senators sitting here as judges could change their convictions on great public questions upon such appeals.

Such requests he considered in the nature of appeals to him to stuff a ballot box and make false returns simply because the petitioners think some one else should be appointed. He hoped his explanation would be a sufficient reply to the writers of the letters.

APPEALED TO COURT.

Sheriff-Elect Wants County Commissioners Compelled to Turn Over the Office to Him.

COLUMBUS, Jan. 5.—T. W. Poorman, Republican sheriff-elect of Paulding county, applied to the supreme court for a writ of mandamus to compel the county commissioners to approve his bond. The commissioners, it appears, appointed Henry Wilson, retiring Democratic sheriff, to the office, alleging that Poorman had forfeited it by failing to file his bond within the time required by law.

TO GET DEMOCRATIC CONVENTION.

Positive Action Taken at a Conference at Cincinnati.

CINCINNATI, Jan. 5.—Cincinnati took positive action toward extending an invitation to the national Democratic committee at its meeting Feb. 22, to give the next national Democratic convention to this city. At the invitation of the Cincinnati League, a conference was held of representatives of the chamber of commerce, the Manufacturers' association and other like organizations. There was a unanimous agreement that an invitation should be sent to the national committee.

Arrangements were made for the appointment of committees to push the work of raising the fund.

Jr. O. U. A. M. Case.

HARRISBURG, Jan. 5.—Judge Weiss heard argument on the motion for a preliminary injunction in the case of Derry council No. 40, Jr. O. U. A. M., of Pennsylvania, against the state and national councils, to restrain the latter from collecting the per capita tax of 15 cents levied by the national judiciary. The court held the matter in statu quo until the final argument and hearing of testimony on Jan. 20, and ordered that nothing be done in the meantime by the national or state councils in the way of collecting the tax in dispute and the other matters complained of.

Wouldn't Excuse Woman's Wrong.

WILKESBARRE, Pa., Jan. 5. — John Stephenson, who eloped with Mrs. Alice Jones to England last August, was arraigned in court to receive sentence. Before leaving this country Stephenson and Mrs. Jones forged a deed to the property of the woman's husband and secured $6,000. The judge refused to sentence the man until the woman had been tried. She has been arrested on the same charge, but her husband went her bail and took her back home. The judge said the woman was no child; she knew what she was doing.

BOER LINES VERY LONG

Some 40 Miles of Trenches Before Methuen.

17 MILES CONFRONT BULLER.

Expected That Next Week There Will Be a Heavy Battle at the Tugela River. British Forces Apparently Acquiring More Mobility.

LONDON, Jan. 5—5 a. m.—This morning's news threw no further light upon the war situation. The exact position at Moltene and Cyphergat is not yet clear, but in any case these little engagements are of small importance beyond proving that the British forces are beginning to attain a greater degree of mobility.

It is fully expected that next week there will be a heavy battle on the Tugela river, which is now the real pivot of the campaign. The Boers appear to be working incessantly with shovel and pick.

Lord Methuen's cavalry scouting has developed the fact that the Boers' entrenchments extend some 40 miles, far overlapping the British positions and making flank attacks exceeding difficult. Military analysts affirm that the Boer trenches confronting General Buller stretch away some 17 miles and that work upon them is pushed unremittingly.

AN APPEAL TO M'KINLEY.

Prominent Men of Belgium Ask Him to Intervene In the South African Struggle.

BRUSSELS, Jan. 5.—Senator Lejeune, former minister of justice and now member of the Belgian council of state, presided at a meeting in this city of the committee recently formed to organize a movement in Belgium in support of an address to President McKinley appealing to him to mediate in favor of peace between Great Britain and the Transvaal. Among those present were M. Lafontaine, former senator, many other former members of the senate, several members of the chamber of deputies, several professors of the University of Brussels and a number of other prominent men, most of them members of the Universal League of Peace.

After a long discussion it was decided to invite the public to send letters in support of the movement to the secretary of the league, and from next Sunday to place petitions for signature in all the cafes in Brussels and the provincial towns.

The petition to President McKinley reads as follows:

"M. Le President: Rightly moved by the bloody and terrible struggle in South Africa between two of the most civilized peoples of the world, the undersigned address a most pressing appeal to your excellency in favor of mediation, which you alone can offer. They beg you to fulfill the sacred duty of human brotherhood."

Edwin Morgan, of Alliance, was in the city today in the interests of the contest and would like to have the local bands enter, and will be pleased to correspond with the leaders of the bands here. He can be addressed at Alliance.

Marsh Denied Guilty Knowledge.

LANSING, Mich., Jan. 5.—Ex-Adjutant General Arthur F. Marsh and wife arrived here from Brockport, N. Y. Marsh will be arraigned under the indictment charging him with complicity in the alleged fraudulent state clothing transaction. Marsh says that he had no guilty knowledge of the alleged transactions; that he left such matters to Quartermaster General White, acting in the military board meetings, so far as he was concerned, largely according to White's suggestions.

For Murder 14 Years Ago.

KOKOMO, Ind., Jan. 5.—Detectives arrested Peter Dunkle near Hemlock for a crime alleged to have been committed at Franklin, O., in 1886. The crime charged is the murder of May Holwig. For about 14 years a reward of $1,000 has been standing for the apprehension of Dunkle, who has lived under the names of Frank Smith and Lee Johnson. Dunkle denies knowledge of the crime.

PLANT TO BE ALMOST DOUBLED

Work Will be Begun at Once on Extensive Repairs and Improvements--The New Managers--Largest Deal of the Year.

Charles A. Smith, last evening purchased the Knowles, Taylor & Anderson sewerpipe works in East End, including the clay mines. This is the largest transfer made in this place for many months. The consideration is not made known.

This morning men were put to work placing the plant in order, it being the intention to put the works in operation at once.

Mr. Smith made the following statement today. "Mr. T. F. Anderson will be retained as sales agent, while Thomas Anderson will manage the works. The plant will be enlarged at once by the addition of 16 new brick kilns and 8 pipe kilns. Several old kilns will be enlarged. With these improvements the capacity will be almost doubled. New brick machinery for the brick department is now being figured upon. Employment will be given to about 100 men."

The plant at present consists of 17 kilns. The present brick capacity is 30,000 brick per day. The boilers and engines were inspected last week and were found to be in excellent order.

Good Work Done by Rev. Orcutt. Boys Play Polo--Lost His Dog--News.

The first meeting of the missionary society of the Second Presbyterian church this year was held yesterday afternoon. The attendance was very good, and the following program was carried out: Foreign, subject, "Syria," conducted by Mrs. Crowe, followed by readings by Mrs. Baird, Mrs. Allabaugh, Mrs. McCain, Mrs. Anderson and Miss Allie Baird; home, subject, "Mountaineers," conducted by Mrs. Grant. Greetings by Miss Edith Baird. Bible reading Mrs. Snowden. Other papers were read by Mrs. Crowe, Mrs. Michael, Mrs. Young and Mrs. Dixon.

GOOD WORK.

Many Members Joined Second Methodist Episcopal Church Since Fall.

Since last fall when Rev. George W. Orcutt assumed the pastorate of the Second Methodist Episcopal church up to the first of the year, 17 new members were placed on the church roll. This gives the church a total membership of not less than 260, about the largest in the suburb. The revival meetings at the church and the cottage prayer meetings, being held under the direction of Miss McDowell, of Cleveland, it is thought will be the means of swelling the membership of the church to near the 300 mark.

Playing Polo.

Yesterday a number of young boys from the East End organized a scrub polo team, and at 4 o'clock the game was started on the ice between Babb's island and the Ohio shore. The boys were well up in the points of the game, and it was watched with interest by a good crowd of young people from the bank.

Stole the Dog.

James Robinette made arrangements to take a hunting trip through the woods yesterday afternoon but when he went to get his fine Gordon setter he discovered it was gone. As there have been a number of good dogs killed in the suburb recently Robinette is of the opinion his dog has been treated as the others.

Among the Sick.

James Noah, who has been confined to his home by illness for the past month, will be able to be out within a few days.

Mr. McConnell, of High street, is ill with an attack of typhoid fever.

A small child of Alex Chaffin is very ill.

Out of Order Again.

Yesterday the electric danger bell at the Mulberry street crossing refused to ring. Residents of that part of the city are of the opinion an accident will happen at that crossing unless the bell is either kept in working order or a watchman is placed there.

Running in Full Soon.

Slowly new departments are being placed in position at the new Laughlin pottery and by next week the entire plant will be running. The second glost kiln was drawn today and the decorators will start next week.

Inspected the Plant.

President Aarons, of the Laughlin China company, spent yesterday afternoon in the East End inspecting the new plant.

CHILLY BATH OF THREE CHESTER MEN

Who Were Cutting Ice—Farmers' Institute Closes—Boilers on the Way.

An accident occurred in Chester yesterday that nearly cost three Chester men their lives. Late yesterday afternoon, while Ira Babb, Addison and Harry Finley were cutting ice at the mouth of Cunningham's run, a team of horses and wagon were run on the ice. After the wagon had been loaded its weight was too great for the ice, which was eight inches thick, and it went under. The three men also went into the water, Babb going in up to his neck. The Finley brothers also went in, but not so deep as Babb. With great difficulty the horses were rescued, and for a time it was thought that Babb would be washed under the ice by the swift current.

THE INSTITUTE.

A Profitable Meeting of Hancock County Farmers Closed Last Night.

The annual institute of the Hancock county farmers closed at Fairview last night, it being one of the most interesting meetings ever held by that body Yesterday two of the best papers were read—that by Major Mills upon "The Proper Education of the Farmer For His Profession," and by Hon. D. J. Smith, of St. Clair township, who read a paper on "Should Farmers Organize? If so, Why?" Both papers were read in an able manner.

A debate between Mr. Smith and Mr. Owen on the subject of "Advantages of Stock Raising Over Grain Growing in This Section" was one of the best discussions that was before the institute. Mr. Smith was of the opinion stock raising was more profitable.

On the Way.

The officials of the Chester rolling mill company yesterday received word that all the boilers for their works were lying at Mingo junction. The cars on which they are loaded should have been delivered in the lower freight yards before this, but have been delayed on account of a serious wreck at that place.

Shipped More Machinery.

Contractor McNally today shipped another car load of grading tools to a point near Uniontown, Pa. There is but one set of tools left on that side of the river to finish the grading on the additional mile of road. All the dinky tracks south of the country road bridge have been removed.

Resumed Grading.

Contractor Seevers this morning resumed the grading of streets in the mill company's addition. The work has been delayed for several weeks on account of the cold weather.

Applying For a Pardon.

An application will be made for the parole from the Mansfield reformatory of Theodore Pryor, who last spring was given an indefinite sentence in the common pleas court upon conviction of having killed a fellow roustabout on a steamer while lying at the East Liverpool wharf. The parole has been recommended by the officials of the reformatory, and is not likely to meet with any opposition. Pryor's home is in East Liverpool.

SHERIFF'S INSTRUCTIONS TO HIS DEPUTIES.

They Are to Remember They Have Duties That Are to Be Performed.

LISBON, Jan. 5.—[Special]—Sheriff S. D Noragon, in issuing the usual instructions to his deputies, was a little more explicit and emphatic than customary. After defining their duties he warns them that they are equally responsible with the sheriff for the preservation of the public peace and reminded them that they were not appointed simply for the honor and dignity of the position, but to actively aid the sheriff in the performance of his and their duties.

Sheriff Noragon, in issuing his instructions, is following out a rule of the railroad business with which he was so long identified, that all employes must understand their duties thoroughly and understand that they are expected to perform them fully.

MEMORIAL MEETING

HELD LAST NIGHT AT THE M. P. WINTER SERVICES.

The Historical and Reminiscent Meeting to Be Held This Evening.

At the encampment in the Methodist Episcopal church last night the usual large congregation was present and the character of the exercises were such as to make it a time of much tenderness. The names of the six deceased pastors were first called, viz: Reverends Edward A. Brindley, who organized the church in 1856; Henry Palmer, father of the present proprietor of the NEWS REVIEW; Jesse Hull, John Hodgkinson, William Wallace and William T. Wilson, who died while pastor of the church in 1885. Then the roll of the deceased lay members was called amid the most profound silence, there were about 130 names in all, some of whom were prominent citizens of East Liverpool in their day. After this ceremony followed an altar service and final prayer, a time of deep impressions and heart searchings.

Tonight there is to be an historical and reminiscent meeting and a paper by Mr. Robert Burford. Old time attendants at this church are especially invited tonight.

ANTE-NUPTIAL CONTRACT.

Mrs. Cook Obtains Judgment For Amount Claimed a Second Time.

LISBON, Jan. 5.—[Special]—In the case of Fannie Cook vs. Job Cook and others, of Salem, the jury returned a verdict of $1,039 63 for plaintiff, the same amount that the jury found last term. Plaintiff sued for $1,000 with interest from February 4, '99. She is the widow of Henry Cook, late of Salem, to whom she was married in 1889. By an ante-nuptial contract Henry Cook agreed to bequeath to Fanny Cook in his will the sum of $1,000, in consideration of which she was to release all right of dower in his estate. He failed to make the bequest and his widow sued on the contract. The defendants claimed that by an agreement made afterwards Henry Cook built a house for the plaintiff instead of the $1,000.

CONGRESSMAN GROSVENOR is to introduce an anti-trust bill. If anybody can figure it out the general can. He's the boss "figurer"

SENATOR STEWART says he advised Bryan to take a trip abroad and learn something. Bill probably declined because he already knew it all.

SEVERAL exchanges want to know if the Ohio centennial exposition to be held at Toledo is worth the million dollars asked from this state. It isn't.

FRANCE has officially decreed that the hours shall be numbered from 1 a. m, to 24. Just think of curfew ringing out 21 o'clock!

AUSTRIA is also working around to the gold standard. Bryan must be imitating his ostrich and sticking his head in the sand.

IT is odd to find the state Democratic press teeming with praise for an outgoing Republican governor. It is enough to make him ask himself what he has been guilty of.

FOR the present term at least, the salary of Ohio's lieutenant governor will continue to be $800. The house refused to suspend its rules and pass the senate bill raising it to $1,800.

COMMENDABLE.

Sheriff S. D. Noragon's instructions to his deputies and his care to impress upon them the fact that they had certain duties and he expected them to be performed, will meet with commendation on all sides. The new sheriff intends not alone to maintain the high record of his predecessors but if possible to improve upon it.

SURPRISING FIGURES.

The total value of the eggs and chickens marketed in the United States last year was $290,000,000. The magnitude of the poultry industry is made more evident in the fact that the value of the 1898 potato crop was only $80,000,000, and the total value of the big iron output seldom exceeds $130,000,000 while the annual output of coal amounts only to about $200,000,000.

GOOD FOR HIM.

Yes, and for the business men who employ him and who obey the law and enforce its orders and ordinances. We have reference to the usher who compelled the removal of a hat, bonnet, poke, or some other headgear, worn by an offender and lawbreaker at the Grand Opera House last night. A few lessons of this kind will effect the desired result, and teach the wearers of rooster's feathers that there are parties in the house other than their egotistic and selfish selves.

TOOK DEFINITE ACTION

Carnegie Library Commission Met Last Night.

MR. GEORGE WILL MAKE PLANS

Of the Site, Giving the Distances, Elevations and Data In Order That the Architects May Go to Work--Carnegie Will Be Communicated With.

Some definite action in regard to the new library has now been taken.

The Carnegie library commission met last evening at the office of Attorney J. H. Brookes and instructed Engineer George to make a map of the library site, giving the ground elevation, distances, grades and all necessary data.

Secretary Brookes was instructed to communicate with Carnegie, telling him the site was now ready, aad asking him to advise the board in regard to the cash, in order that the expense of the plans and other necessary expenses may be provided for.

Propositions have been received from numerous architects and the sentiment of the board seemed to be in favor of free competition to all architects. No action was taken on the matter and the board will determine at a future meeting just how plans will be received and what steps will be taken to invite competition.

WE hold that the Twentieth Century commences at midnight of the 31st of next December, and opens with Jan. 1, 2000. We believe that we are right. What say you?

This is a sure point for argument and discussion. But there is no chance for argument when we state that, on

JOSEPH BROS.

MOODY'S WORK TO GO ON.

Son Gave Assurances Regarding Educational Features Carried on by the Late Evangelist.

BOSTON, Jan. 5.—W. R. Moody, son of Dwight L. Moody, was in this city on business and when asked about the prospect of carrying on the educational work founded by the evangelist, said:

"So far as I can see, the work will go right along the lines which it has been taking the past 20 years or more. The financial arrangements for it have always been and will continue to be in trustworthy hands. We have two business men who act as treasurers, Samuel D. Davis of the Mount Herman institution and J. J. Esley of the Young Law seminary. All moneys received are turned over to them directly. As to my own part of the work, I may say that in the last few years I have given most of my time to editing The Record of Christian Works, a journal intended to represent what is called the Northfield teaching. Just before my father died he made special efforts to improve the paper. I am to continue as its editor."

SECRETARY GAGE AGREED.

Said to Court Investigation—Resolutions Adopted In Both House and Senate.

WASHINGTON, Jan. 5.—The Sulzer resolution calling upon Secretary Gage for all information regarding the deposit of government funds in certain New York national banks was adopted in the house. The resolution as adopted was made more general in its scope, and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom house site. Secretary Gage's friends had been informed that he courted the fullest investigation and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

The resolution introduced by Mr. Allen requesting information concerning the Hanover and National City banks was modified and passed in the house.

Lentz Also After Gage.

WASHINGTON, Jan. 5.—Representative Lentz of Ohio introduced resolutions reciting published reports that the secretary of the treasury will turn over internal revenue receipts to the National City bank of New York and providing for the appointment of a special nonpartisan committee of 12 members of the house for "a thorough and impartial investigation to determine the truth or falsity of the charges."

ITALY FOR OPEN DOOR.

Favorable Response to the Inquiry by United States Government.

WASHINGTON, Jan. 5.—Italy has returned a favorable response to the recent note of the state department respecting the open door in China. Italy was the last of the great powers remaining to be heard from.

SIX DEATHS FROM PLAGUE.

A Report Received From Honolulu, Dated Dec. 15.

WASHINGTON, Jan. 5.—Surgeon General Sternberg received a report from Major Taylor, the surgeon in charge at the military hospital in Honolulu, dated Dec. 15, containing the following:

"I have the honor to report that on the 11th and 12th of this month there were five deaths from bubonic plague in the Chinese quarter of Honolulu and another occurred this morning.

"The whole regiment of the Hawaii national guard isolates the infected districts and the board of health is making a house to house inspection and disinfection. All corpses have been cremated and I think there will be but little danger of infection among the troops. There is little doubt about the diagnosis in most of the cases."

Condition of the Negro.

WASHINGTON, Jan. 5.—H. B. Frissel, principal of the Hampton (Va.) Normal and Industrial institute, appeared before the industrial commission. He said in many sections the condition of the negro is better than in slavery days. Although the south has spent $100,000,000 on public education for negroes, one-third of the race has actually retrograded, one-third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means, rather than by hard work.

Favors Territorial Form For Hawaii.

WASHINGTON, Jan. 5.—The senate committee on foreign relations ordered a favorable report upon the bill creating a territorial government for Hawaii. A few modifications of the original bill were made, the most important being the validation of the sale of lands since annexation and fixing the tenure of the supreme court judges at nine years. The provision for a delegate in congress remains in the bill.

Will Have About 65,00 Men.

WASHINGTON, Jan. 5.—With the arrival at Manila of the transport Grant, which left San Francisco on the 21st ult. with the Forty-eighth volunteer infantry (colored), General Otis will have command of an effective force of about 65,000 men.

For Uniform Marriage and Divorce Laws.

WASHINGTON, Jan. 5.—Among the house measures introduced were: By Mr. Daly of New Jersey, to protect the public against trusts, etc.; by Mr. Wilson of Idaho, for a constitutional amendment authorizing uniform marriage and divorce laws.

BRIBE MONEY IN BOX.

Part of Harrell's Story Corroborated In Court, at Frankfort—Contest Committees Named.

FRANKFORT, Ky., Jan. 5.—The joint legislative committees which will sit in the contests for governor and lieutenant governor were drawn by lot as provided by law. The Democrats were lucky, as the drawing gave them ten out of the 11 members of the committee on the governor's contest and nine out of 11 on the lieutenant governor's contest.

In the drawing over the formation of the legislative contested election committees the results were somewhat more evenly divided. In the case of the two senatorial contests the Republicans got only one member out of nine in each committee, but in the house they got majorities on ten out of 18 committees which try contests. An incident connected with the drawing in the senate was when Senator Howard, Republican, objected to Senator Goebel's name being placed in the box. Senator Goebel rose from his seat and said:

"Under the law the names of all senators present must be placed in the box, but I beg to assure the senator that if my name should be drawn out, I, of course, will not serve."

It was unofficially announced that the Franklin county grand jury had found indictments against Colonel John H. Whallen and Charles Ryan, who, it was alleged, attempted to bribe Senator Harrell in the governorship contest. The indictments are based on conspiracy. The safety deposit box which Harrell designated as holding the money was turned over to the grand jury and found to contain four $1,000 bills and five $100 bills. The money was sealed up in a plain white envelope without writing. This in part corroborated Harrel's story.

The Democratic leaders in the legislature decided to take the ballot for United States senator next Tuesday. As it seems settled in advance that Blackburn will receive a majority in each house, a joint ballot will probably not be necessary. There is a question as to whether the ballot should be taken next Tuesday or Tuesday a week. Blackburn's friends decided as a matter of caution to have a ballot on both days.

France Pressing San Domingo.

SANTO DOMINGO, Jan. 5.—(Via Haitian cable.)—The French consul refused to accept the government's offer to pay the amount of the Boismare-Caccavelli claim of 280,000 francs in three installments, every fortnight, and insists on an immediate settlement. They were raising funds by public subscriptions and the patriotic feeling was very strong. Three days from yesterday were granted for the payment of the claim.

Logan's Remains to Lie In State.

Minister Very Ill In Alaska.

PITTSBURG, Jan. 5.—Rev. S. Hall Young, a missionary well known in Pittsburg, is reported to be seriously ill at Cape Nome, Alaska. Dr. Young left this city about one year ago in charge of missionaries, and after placing them in various places in Alaska went to Cape Nome. UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

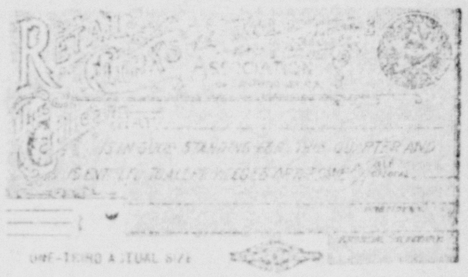

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

UNION PAPERS.

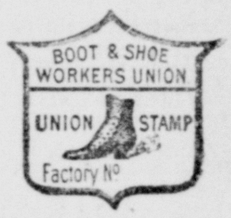

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

CHARLES AND ETHEL

Occupied Cells In the City Jail.

FIRST ARRESTS OF THE NEW YEAR

They Took a Trolley Ride to Wellsville and When They Got Back They Could Not Walk Straight--Grim Found Them on Broadway.

Charles Wallburg and Ethel Hoffman had the somewhat doubtful honor of being the first persons to occupy the city jail in the year 1900.

Charles and Ethel went trolley riding last evening to Wellsville, and the change in the atmosphere or the jolting of the cars affected their heads so that when they arrived here about 11:30 they seemed as though they might have been drinking.

They wandered around the streets until 2:30 and then Grim spied them on Broadway. About the same time a woman who resides in that part of the city said her window had been broken by Wallburg. Then Grim took them in charge and walked both of them to city hall. When they were directly in front of city hall Wallburg took a notion he would like to escape, but he didn't, and Grim and he had a catch-as-catch-can wrestling match, with Ethel as referee. Grim secured the first fall in a short time and Charles decided to discontinue the match, although he had a loaded revolver in his pocket. The two were then placed in jail.

Ethel says she is a Canadian and has been back to Quebec twice in the last year. At the hearing this morning she acknowledged that she had drunk a bit of blackberry wine, but had never been in a saloon in her life, except on one occasion when she went in to see the proprietor. The mayor fined her $9 60.

The memory of Charles was not very long and when the mayor called on him for an explanation of the affair the only thing he could tell about was the trolley ride and the return trip. He said they arrived in the city about 11:30 and half an hour later he was arrested. He also got $9.60.

Examined at Lisbon.

The statement in the Buckeye State that Judge Boone visited this city Tuesday and instructed that W. C. Hood be sent to the state hospital for epileptics at Gallipolis, was incorrect. Ed. C. Hood, who was meant, went to Lisbon with Charles Weaver yesterday for examination. Judge Boone being ill, the examination was conducted by the clerk and Examining Physician Moore and Mr. Hood is now awaiting the result. Judge Boone was not here this week.

EXPECT A RISE.

Ice In the River at This Place Broke Yesterday Afternoon.

Rivermen are confident that within the next week there will be plenty of water in the river, while the marks in the harbor today showed only 4.8 feet of water and rising, caused by the ice gorging. Yesterday afternoon the ice in the river commenced to move at this place, but 20 minutes later it again stopped. The moderating weather will probably cause the ice to break very soon.

Fell In the River Twice.

Richard Ruhe, while walking about the Jutte coal float, at the foot of Market street yesterday, fell into the river from a flat on which he was working. Later he commenced to cut some ice about the float, but it was too thin to bear his weight and he went into the cold water again.

In Columbus.

Uncle Billy Hutchison, of Columbiana, who served in the Seventy first and Seventy-second assemblies, was in the city yesterday, gazing fondly at the seat he occupied for four years and assisted in making laws for the state.—Columbus State Journal.

MOODY'S WORK TO GO ON.

Son Gave Assurances Regarding Educational Features Carried on by the Late Evangelist.

BOSTON, Jan. 5.—W. R. Moody, son of Dwight L. Moody, was in this city on business and when asked about the prospect of carrying on the educational work founded by the evangelist, said:

"So far as I can see, the work will go right along the lines which it has been taking the past 20 years or more. The financial arrangements for it have always been and will continue to be in trustworthy hands. We have two business men who act as treasurers, Samuel D. Davis of the Mount Herman institution and J. J. Esley of the Young Law seminary. All moneys received are turned over to them directly. As to my own part of the work, I may say that in the last few years I have given most of my time to editing The Record of Christian Works, a journal intended to represent what is called the Northfield teaching. Just before my father died he made special efforts to improve the paper. I am to continue as its editor."

SECRETARY GAGE AGREED.

Said to Court Investigation—Resolutions Adopted In Both House and Senate.

WASHINGTON, Jan. 5.—The Sulzer resolution calling upon Secretary Gage for all information regarding the deposit of government funds in certain New York national banks was adopted in the house. The resolution as adopted was made more general in its scope, and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom house site. Secretary Gage's friends had been informed that he courted the fullest investigation and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

The resolution introduced by Mr. Allen requesting information concerning the Hanover and National City banks was modified and passed in the house.

Lentz Also After Gage.

WASHINGTON, Jan. 5.—Representative Lentz of Ohio introduced resolutions reciting published reports that the secretary of the treasury will turn over internal revenue receipts to the National City bank of New York and providing for the appointment of a special nonpartisan committee of 12 members of the house for "a thorough and impartial investigation to determine the truth or falsity of the charges."

ITALY FOR OPEN DOOR.

Favorable Response to the Inquiry by United States Government.

WASHINGTON, Jan. 5.—Italy has returned a favorable response to the recent note of the state department respecting the open door in China. Italy was the last of the great powers remaining to be heard from.

SIX DEATHS FROM PLAGUE.

A Report Received From Honolulu, Dated Dec. 15.

WASHINGTON, Jan. 5.—Surgeon General Sternberg received a report from Major Taylor, the surgeon in charge at the military hospital in Honolulu, dated Dec. 15, containing the following:

"I have the honor to report that on the 11th and 12th of this month there were five deaths from bubonic plague in the Chinese quarter of Honolulu and another occurred this morning.

"The whole regiment of the Hawaii national guard isolates the infected districts and the board of health is making a house to house inspection and disinfection. All corpses have been cremated and I think there will be but little danger of infection among the troops. There is little doubt about the diagnosis in most of the cases."

Condition of the Negro.

WASHINGTON, Jan. 5.—H. B. Frissel, principal of the Hampton (Va.) Normal and Industrial institute, appeared before the industrial commission. He said in many sections the condition of the negro is better than in slavery days. Although the south has spent $100,000,000 on public education for negroes, one-third of the race has actually retrograded, one-third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means, rather than by hard work.

Favors Territorial Form For Hawaii.

WASHINGTON, Jan. 5.—The senate committee on foreign relations ordered a favorable report upon the bill creating a territorial government for Hawaii. A few modifications of the original bill were made, the most important being the validation of the sale of lands since annexation and fixing the tenure of the supreme court judges at nine years. The provision for a delegate in congress remains in the bill.

WASHINGTON, Jan. 5.—With the arrival at Manila of the transport Grant, which left San Francisco on the 21st ult. with the Forty-eighth volunteer infantry (colored), General Otis will have command of an effective force of about 65,000 men.

For Uniform Marriage and Divorce Laws.

WASHINGTON, Jan. 5.—Among the house measures introduced were: By Mr. Daly of New Jersey, to protect the public against trusts, etc.; by Mr. Wilson of Idaho, for a constitutional amendment authorizing uniform marriage and divorce laws.

BRIBE MONEY IN BOX.

Part of Harrell's Story Corroborated In Court, at Frankfort—Contest Committees Named.

FRANKFORT, Ky., Jan. 5.—The joint legislative committees which will sit in the contests for governor and lieutenant governor were drawn by lot as provided by law. The Democrats were lucky, as the drawing gave them ten out of the 11 members of the committee on the governor's contest and nine out of 11 on the lieutenant governor's contest.

In the drawing over the formation of the legislative contested election committees the results were somewhat more evenly divided. In the case of the two senatorial contests the Republicans got only one member out of nine in each committee, but in the house they got majorities on ten out of 18 committees which try contests. An incident connected with the drawing in the senate was when Senator Howard, Republican, objected to Senator Goebel's name being placed in the box. Senator Goebel rose from his seat and said:

"Under the law the names of all senators present must be placed in the box, but I beg to assure the senator that if my name should be drawn out, I, of course, will not serve."

It was unofficially announced that the Franklin county grand jury had found indictments against Colonel John H. Whallen and Charles Ryan, who, it was alleged, attempted to bribe Senator Harrell in the governorship contest. The indictments are based on conspiracy. The safety deposit box which Harrell designated as holding the money was turned over to the grand jury and found to contain four $1,000 bills and five $100 bills. The money was sealed up in a plain white envelope without writing. This in part corroborated Harrel's story.

The Democratic leaders in the legislature decided to take the ballot for United States senator next Tuesday. As it seems settled in advance that Blackburn will receive a majority in each house, a joint ballot will probably not be necessary. There is a question as to whether the ballot should be taken next Tuesday or Tuesday a week. Blackburn's friends decided as a matter of caution to have a ballot on both days.

France Pressing San Domingo.

SANTO DOMINGO, Jan. 5.—(Via Haitian cable.)—The French consul refused to accept the government's offer to pay the amount of the Boismare-Caccavelli claim of 280,000 francs in three installments, every fortnight, and insists on an immediate settlement. They were raising funds by public subscriptions and the patriotic feeling was very strong. Three days from yesterday were granted for the payment of the claim.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

CHARLES AND ETHEL

Occupied Cells In the City Jail.

FIRST ARRESTS OF THE NEW YEAR

They Took a Trolley Ride to Wellsville and When They Got Back They Could Not Walk Straight--Grim Found Them on Broadway.

Charles Wallburg and Ethel Hoffman had the somewhat doubtful honor of being the first persons to occupy the city jail in the year 1900.

Charles and Ethel went trolley riding last evening to Wellsville, and the change in the atmosphere or the jolting of the cars affected their heads so that when they arrived here about 11:30 they seemed as though they might have been drinking.

They wandered around the streets until 2:30 and then Grim spied them on Broadway. About the same time a woman who resides in that part of the city said her window had been broken by Wallburg. Then Grim took them in charge and walked both of them to city hall. When they were directly in front of city hall Wallburg took a notion he would like to escape, but he didn't, and Grim and he had a catch-as-catch-can wrestling match, with Ethel as referee. Grim secured the first fall in a short time and Charles decided to discontinue the match, although he had a loaded revolver in his pocket. The two were then placed in jail.

Ethel says she is a Canadian and has been back to Quebec twice in the last year. At the hearing this morning she acknowledged that she had drunk a bit of blackberry wine, but had never been in a saloon in her life, except on one occasion when she went in to see the proprietor. The mayor fined her $9 60.

The memory of Charles was not very long and when the mayor called on him for an explanation of the affair the only thing he could tell about was the trolley ride and the return trip. He said they arrived in the city about 11:30 and half an hour later he was arrested. He also got $9.60.

Examined at Lisbon.

The statement in the Buckeye State that Judge Boone visited this city Tuesday and instructed that W. C. Hood be sent to the state hospital for epileptics at Gallipolis, was incorrect. Ed. C. Hood, who was meant, went to Lisbon with Charles Weaver yesterday for examination. Judge Boone being ill, the examination was conducted by the clerk and Examining Physician Moore and Mr. Hood is now awaiting the result. Judge Boone was not here this week.

EXPECT A RISE.

Ice In the River at This Place Broke Yesterday Afternoon.

Rivermen are confident that within the next week there will be plenty of water in the river, while the marks in the harbor today showed only 4.8 feet of water and rising, caused by the ice gorging. Yesterday afternoon the ice in the river commenced to move at this place, but 20 minutes later it again stopped. The moderating weather will probably cause the ice to break very soon.

Fell In the River Twice.

Richard Ruhe, while walking about the Jutte coal float, at the foot of Market street yesterday, fell into the river from a flat on which he was working. Later he commenced to cut some ice about the float, but it was too thin to bear his weight and he went into the cold water again.

Our Annual Clearance

Begins With This Announcement.

With us its a matter of policy to let each year's business tell its own tale of profits or losses. Our fiscal year begins February 1st. January is devoted to clearing up affairs for the past year. Slaughter! Sacrifice! Murder! Whoopla! and like sensational terms are left for merchants less serious and more greedy. We are in dead earnest. Once a year our business is wound up, so to speak. Every dollar's worth of goods in the establishment is offered at prices which will induce buying. Prices that will tempt those who have waited for just such occasions Reductions ranging from 10 to 50 per cent. are made, according to the stability of the merchandise. Clothing is reduced to actually less than the factory cost. Hats and Caps and Winter Underwear come next. Staple articles, such as Umbrellas, Handkerchiefs, Trunks, are subjected to smaller reductions. Less than cost if necessary only on those articles affected by seasons or the elements. There's the true unalloyed history of our annual sale. We depend upon our patrons for existence, for future growth. We cannot afford to trifle with their confidence, nor to juggle with the truth. The reductions below are not exaggerated, and Money Back on Demand, secures those with doubts, or those who desire to take our offerings for comparison with the wares of others. A fair proposition.
